

AMERICA PLAYED BY WILSON FOR WORLD ATTITUDE

Says France and Italy Made the Versailles Treaty Waste Paper

WASHINGTON, D. C., Nov. 10.—Woodrow Wilson, addressing the American people directly to night for the first time since he left the white house declared America's attitude after the world war was "deeply ignoble because manifestly cowardly and dishonorable."

France and Italy, Mr. Wilson also declared in a discussion of world affairs, have made "waste paper of the treaty of Versailles."

The former president said the only way in which the United States could show its true appreciation of the significance of armistice day was by resolving to put self-interest away and to formulate and act upon the highest ideals of international policy.

Mr. Wilson spoke exactly five minutes into a radio instrument at his home here and his message was broadcast to every section of the country.

"The anniversary of Armistice day," he said, "should stir us to great exaltations of spirit because of the proud recollection that it was our day, a day above those early days of that never to be forgotten November which lifted the world to the high levels of vision and achievement upon which the great war for Democracy and right was fought and won, although the stimulating memories of that happy time of triumph are forever marred and embittered for us by the shameful fact that when the victory was won—won by the indomitable spirit and valiant sacrifices of our own unconquerable soldiers—we turned our backs upon our associates and refused to bear any responsible part in the administration of peace, or the firm and permanent establishment of the results of the war—won at so terrible a cost of life and treasure—and withdrew into a sullen and selfish isolation which is deeply ignoble manifestly cowardly and dishonorable."

"Should Retain Error

"This must always be a source of deep mortification to us and we shall inevitably be forced by the moral obligations of freedom and honor to retrieve that fatal error and assume once more the role of courage, self-respect and helpfulness which every true American must wish to believe to be our true part in the affairs of the world."

"That we should thus have done a great wrong to civilization, and one of the most critical turning points in the history of mankind is the more to be deplored because every anxious year that has followed has made the exceeding need for such services as we might have rendered more and more manifest and more pressing, as demoralizing circumstances which we might have controlled have gone from bad to worse until now—as if to furnish a sort of sinister climax—France and Italy between them have made waste paper of the treaty of Versailles and the whole field of international relationships is in perilous confusion."

"The affairs of the world can be set straight only by the firmness and most determined exhibition of the will to lead and make the right prevail."

"Happily, the present situation of affairs in the world affords us an opportunity to retrieve the past and to render to mankind the incomparable service of proving that there is at least one great and powerful nation which can put aside programs of self-interest and devote itself to practicing and establishing the highest ideals of disinterested service and the constant maintenance of exalted standards of conscience and of right."

To Show Appreciation

"The only way in which we can show our true appreciation of the significance of Armistice Day is by resolving to put self-interest and once more formulate and act upon the highest ideals and purposes of international policies. Thus and only thus, can we return to the true traditions of America."

Two of the most powerful radio stations in the east, one in Washington and one in New York were connected with the microphone into which the former president spoke. At its control office here the Chesapeake & Potomac Telephone company under whose auspicious the speech was delivered, set aside a room equipped with a voice amplifier for the use of newspaper correspondents in reporting the former president's words but his voice did not come distinctly and in some cases transcripts made by expert telegraphers differed in some respects.

Los Angeles, Nov. 10.—Ted Wright instructor at a local roller skating rink expects to glide into San Francisco tomorrow night in what is believed to be the first attempt to skate from Los Angeles to the bay region. When he rolled out of here last night, he said he might continue on to Seattle.

TESTIMONY COMPLETE ON TWO INDICTMENTS IN TRIAL OF WALTON

State Has Closed Case on Articles Two and Thirteen

OKLAHOMA CITY, Okla., Nov. 10.—(A. P.)—Investigation of the expenditure of \$5,000 appropriated by the last state legislature for the apprehension of Fred Dennis, former state bank commissioner who is under indictment for alleged bribery and of the administration of the Federal Truck Bureau of the state marked the proceeding today of the impeachment trial of Governor J. C. Walton, at the conclusion of today's session of court, the prosecution announced testimony on articles 2 and 13 of the impeachment bill, charging the executive with padding state payrolls and diverting public monies to his own use by having the salary of his chauffeur paid from state funds. Evidence in connection with the charge that the governor obligated himself to E. W. Marland, president of the Marland Oil & Gas company at Ponca City, thru the purchase of a residence here last May, will be taken up Monday. The impeachment bill sets out that Marland purchased the notes which Governor Walton gave in part payment for the executive mansion and charged that this places the executive in a compromising position in that he is chairman of the state board of education and the oil man holds extensive taxable properties in Oklahoma.

Governor J. C. Walton tonight reiterated the charge that the impeachment proceedings against him and renewed his declaration that the senate court of impeachment would not give him a fair trial.

In a statement addressed "to the people who believe in fair play," the executive bitterly assailed alleged clan members of the lower house of the state legislature, who, he said, are in the majority and attacked two daily newspapers of the state, characterizing them as "the mouthpiece of misrepresentation and falsehood in demanding 'my impeachment.'"

"This is your government," however, the statement said, "and as your servant I will fight this enemy of constitutional government as long as there is a drop of blood in my veins."

"The house investigating committee are attempting to impeach me because they say I used an employe of the health department a few times to drive me to and from the capitol and on a few other occasions."

"They also allege that I paid an employe out of the state funds to guard my life and that of my family, when the facts are that I received hundreds of letters threatening my life and the lives of my wife and children; even threatening to kidnap my children and burn and disfigure them. Is there any fair-minded man or woman who will assert under the circumstances that I was not justified in having my home and life guarded?"

House members said by the governor to belong to the clan, were described as "misrepresentative taking orders from that invisible, insidious and impossible super-government and acting around the state house as though they are omnipotent and more powerful than the people themselves."

Governor Walton declared that several departments of the state government would be white washed if he is removed from office.

LOADED SCHOOL BUS IS HIT BY TRAIN

SPRINGFIELD, Ohio, Nov. 10.—Oscar Leffew driver of a school bus was probably fatally injured and 12 children members of the Olive Branch Boys and Girls Basketball teams were hurt when the bus was struck by a Westbound, Big Four freight train at the Limestone Street Crossing in the heart of the city at 11 o'clock tonight.

IF LOAN FOR WHEAT WHY NOT FOR MEAT?

QUINCY, Ill., Nov. 10.—The executive committee of the Adams county Farm Bureau Saturday adopted a resolution to the effect that should the movement now on foot to loan money to European countries for the purpose of buying American grain, prevail, it was the sense of the committee that money should also be loaned to these countries to buy American meat products. Copies of the resolution were forwarded to congressmen and senators from Illinois, with requests to be guided by the spirit of the suggestion.

DEATHS IN MUNICH COUP REACHES 48

Paris, Nov. 10.—Berlin dispatches announce that Hitler and about 100 partisans have taken refuge at Rosenheim, 30 miles southeast of Munich.

Official figures of the deaths in the Munich coup d'etat as received here place the number at 48.

CHILD MISSING SINCE OCTOBER FINALLY FOUND

Located in Oklahoma Boarding House After Long Search

PORT SMITH, Ark., Nov. 10.—Pearl, daughter of Mr. and Mrs. Lynn Turner, Scott county mountaineer residents missing from her home since October 25, was found early tonight at Picher, Okla., in the home of Mrs. B. D. Wells, proprietor of a boarding house at that place according to a telephone conversation with Mrs. Wells tonight by a Southwest Times Record correspondent.

The child, Mrs. Wells said, had been in her care since October 21. Identification was obtained by scars in front of and behind the child's ears. Sheriff Charles Allen of Walden, Ark., was notified and announced that he would leave immediately for Picher to return the child to its parents.

"My name is Elizabeth Holman," the child is said to have told Mrs. Wells shortly after it was carried to her. "But," she added "it used to be Pearl Turner and I lived down in the big hills."

The man who left the child with Mrs. Wells, she said, asked that he be allowed to remain with her. Later Mrs. Wells heard of the missing Turner baby and began an investigation ending in the identification of the sheriff at Miami.

COMPTROLLER TAKES EXCEPTION TO PART OF HINES TESTIMONY

Claims Settlement of O'Brien Claim Strictly Legal

WASHINGTON, Nov. 10.—A sharp rejoinder has been made by Comptroller General McCall to the protest by Director Hines of the Veterans Bureau against the action of the general accounting office in allowing the \$33,000 claim of Mathew O'Brien, a San Francisco architect for revision of unused plans for a veterans' hospital at Lovmore, Calif. Mr. Hines' disapproved the claim.

The O'Brien transaction is one of those into which the senate committee has inquired, the committee giving special attention to the \$33,000 payment, which increased the total received by O'Brien to \$97,000.

W. E. Gordon, the attorney for the accounting office who approved the claim was questioned at length and the committee appeared to be aroused over the action.

Comptroller General McCall in his letter to Mr. Hines says there was no legal ground for disallowance of the claim for the reason assigned by Mr. Hines because there was no limitation of the cost of the hospital as the director had contended.

The formal submission of the claim to this office for settlement, Mr. McCall says, "was in such form that it was predestined to be acted upon in due course of business as was done."

"If there exists valid reason why this claim should have been disallowed by this office it was clearly your duty to protect the interests of the government by presenting the same in connection with your submission of the claim to this office."

"If there is now known to you any valid reason why the settlement as made should be reopened, such facts should be promptly and fully submitted here with your personal recommendation thereon."

SPRINGFIELD FIREMAN DEAD FROM COLLISION

SPRINGFIELD, Ill., Nov. 10.—(A. P.)—Thomas L. Bleich, 37, died tonight as the result of injuries suffered when the fire chief's automobile which he was driving collided with a fire truck this afternoon while driving thru the business section of the city.

Edward Grant, a veteran fireman on the department, who was riding on the other fire truck suffered injuries which may cause his death.

Several other firemen riding on the truck had narrow escapes from injury. The fire men were racing to burn leaves which was easily extinguished.

ASTROLOGER FOUND GUILTY OF MURDER

Coville, Ore., Nov. 10.—Arthur Covell, crippled astrologer, was found guilty by a jury in the murder in the first degree. He was charged with having instigated the slaying of Mrs. Fred Covell, his sister-in-law, by Alton Covell, his minor nephew. Alton Covell is yet to be tried.

Former Crown Prince Returns to Germany

BERLIN, Nov. 10.—(A. P.)—Frederick William, former German crown prince having received permission to proceed to his castle at Oels, Upper Silesia, left the island of Wieringen, where he spent five years of exile, this morning to re-enter the fatherland. He apparently is observing strict incognito, and while it has been announced that his return was made contingent upon his traveling across Germany by motor, avoiding Berlin on the way, no one among his special friends in Berlin pretends to know the route he is taking or the point where he crossed the frontier.

Official quarters by way of emphasizing the government's attitude on the whole issue, pretend to be unconcerned over what took place after permission to return was granted him. Inquiries meet with the reply that Frederick William is a plain citizen traveling as such; therefore the government has no occasion to shadow him or attempt to keep in touch with his movements.

DOC COOK ADMITS BEING EASY MARK IN BIG OIL CASE

Claims Never Made Any Money But Lost in Transaction

FOR WORTH, Texas, Nov. 10.—(A. P.)—Dr. Frederick A. Cook indicted oil promoter arose to the climax of his trial in federal court Friday in his own effort to clear himself of the government's charge of fraud. Dr. Cook resumed the witness stand late today. Summarized his testimony was that he made not one dollar out of his now famous Petroleum Producers' association.

He tendered as a gift, land worth \$30,000, according to his own valuation, and never expected to be reimbursed for it. He expected to gain no personal benefit out of the company he owned and created.

Dr. Cook disclaimed authorship of flamboyant advertising letters and claims laid to him previously by government witnesses. In fact the doctor testified that he warned one of his chief letter writers that he "must be sure of his facts" and that he (Dr. Cook) would not assume responsibility for them.

Dr. Cook admitted lending money to one Fort Worth oil paper; admitted the purchase outright of another oil paper published in Arkansas. But on the latter transaction he lost \$1,000.

"You must be an easy mark, doctor," said Senator Bailey.

"Yes, sir; I am," replied the promoter.

LOWDEN WILL ENTER RACE FOR PRESIDENT SAYS KLAN OFFICIAL

Statement Made Before a Large Gathering in Indiana

PORT WAYNE, Ind., Nov. 10.—(A. P.)—A statement by Dr. H. W. Evans, imperial wizard of the Ku Klux Klan on circumstances surrounding the killing of Captain W. S. Vohorn, Klan attorney, by Philip Fox, publicity man for the organization will be made "in the near future" probably in Atlanta, a member of Dr. Evans' party said tonight in answer to charges by Emperor William J. Simmons that the imperial wizard was "in hiding" since the shooting last Monday which resulted in Coburn's death.

Dr. Evans in his first public address since the slaying of the Simmons' supporter delivered before 10,000 klansmen from middlewestern states here today, made no mention of the Coburn-Fox affair. He spoke on Klan principles avoiding any allusion to the recent of the organization.

In an informal statement prior to the meeting, a member of the Evans party told of plans ready for execution to establish permanent headquarters for the Klan's propaganda activities in Indianapolis. It will not be possible to move the imperial palace from Atlanta the speaker said, because of the restrictions of the national body's charter.

Dr. Evans was said tonight to have been enroute to Atlanta.

Now Candidate

D. C. Stevenson of the Klan National Lecture Bureau and formerly granddragon of Indiana declared in addressing the gathering that "former Governor Frank O. Lowden of Illinois" now is a candidate for president of the United States on the platform suggested in the official publication of the Indiana realm in August, 1922.

"The Klan is not in politics," he said, "it is not a political organization—but klansmen are in politics and some klansmen are mighty good politicians."

Mrs. Mary Roberts was a Franklin shopper in the city Saturday.

STATION AGENT IS KILLED BY ROBBERS

Lawton, Okla., Nov. 10.—J. W. Baker, station agent of the St. Louis-San Francisco railroad at Elgin, 15 miles north of here was wounded late today in an exchange of shots with three bank robbers from the looting of the Bank of Elgin. The robbers escaped with several sacks of silver and an undetermined amount of currency with a posse of citizens at their heels.

SERVICE WOMEN NOW MAY ENTER SOLDIER HOMES

Milwaukee and Danville Are Designated for Reception

CHICAGO, Nov. 10.—As an armistice anniversary announcement to the hundreds of disabled ex-service women of three wars to whom the war department recently announced admittance to soldier's homes and hospitals would be thrown open on the same basis as to ex-service men, Miss Louise Wells of Chicago, president of the women's overseas service league announced today that a league committee would meet General George H. Wood of Dayton, Ohio, at Danville, Ill., next week to perfect arrangements for the reception of disabled women comrades.

General Wood is president of the board of managers of the homes.

The Danville branch of the National Home for Disabled Volunteer Soldiers was chosen to provide domiciliary care and medical treatment to the disabled women and the Milwaukee home for those in need of treatment for tuberculosis.

How many ex-service women of the Civil, Spanish-American and World Wars are eligible to admittance to the homes cannot be estimated, but the women's overseas service league now is making an exhaustive survey in checking up all disabled ex-service women.

WHAT TO DO WITH LUDENORFF IS NOW WORRY IN GERMANY

May be Charged with High Treason Against Government

BERLIN, Nov. 10.—(A. P.)—Pending the complete clearing up of the Munich revolt thru Von Kahr's dictatorial government, officials in the Berlin decline to indicate the central government's attitude toward General Ludendorff's culpability in the Hitler coup.

While the Berthall conclave voted to overthrow the Ebert-Stresemann government it only succeeded in deposing Von Kaillings' ministry, and this aspect of the situation leaves the question of jurisdiction in doubt.

If Ludendorff can be indicted on the charge of high treason the central government can demand his trial before a special tribunal established in connection with the federal law for the defense of the republic. For the time being Chancellor Stresemann is not pressing the issue, especially as cordial relations generally between Berlin and Munich have not yet been restored and the central authorities believe that aggression at this time would have a negation effect. Political circles also view the outcome of the Hitler-Putsch as placing Von Kahr in the ascendancy so far as the Nationalistic movement in Germany is concerned and there are liberal predictions that the Munich dictator will soon figure actively in national politics.

Dr. Von Kahr and General Von Lossow today made a public defense of their alleged double crossing of Hitler, Ludendorff, Poehner and the other insurgents. Both declare that their procedure was warranted in the face of the attitude of Hitler and of his followers who threatened to get beyond control.

Navy Lieutenant Found Not Guilty

SAN DIEGO, Calif., Nov. 10.—Complete acquittal of Lieutenant Laurence F. Blodgett of charges of culpable inefficiency in the performance of duty, was announced today by the general court martial which has tried him and two other officers as a result of the wreck of seven destroyers at Point Honda on September 8. The charges against Blodgett were based on the allegation that he was navigator of the U. S. S. Delphy, leader of the eleventh destroyer squadron, Lieutenant Commander Donald T. Hunter, commanding officer of the Delphy state categorically that Blodgett was not the navigator, and the defense made no effort to show anything else. After a recess the court reconvened to hear the case of Captain Robert Morris, commander of destroyer division 33, but soon adjourned on Monday.

DATE SET FOR KLAN MURDER TRIAL

MANY KILLED WHEN

GRANDSTAND FALLS

CHARLESTON, W. Va., Nov. 10.—(A. P.)—More than fifty people suffered broken bones, sprains or other injuries when a wooden grandstand collapsed with only an instant's warning during an exciting moment in the second period of the Washington and Lee-West Virginia football game today. Pending official investigation nobody could assign any cause for the sudden crumpling of the stands dropping spectators from the highest seats about thirty feet to the ground. Injuries to legs and ankles were predominant among the masses requiring hospital treatment and in some instances the victims appeared to have been trampled by others attempting to escape from the tangle of boards and posts. Part of the crowd on the field dashed for the spot and only quick action by state police, who had charge of maintaining order on the field saved the victims from further injury from the pressing crowd of the curious.

SECOND FIRE HITS BEVERLY HILLS

Los Angeles, Cal., Nov. 10.—One thousand feet of the Beverly Hills automobile speedway near here was burned today in the second fire within two weeks. It was at the east end of the track. Speedway officials said reconstruction would be started immediately and that the track would be restored for the National automobile race scheduled for Thanksgiving day.

STATION AGENT IS KILLED BY ROBBERS

Lawton, Okla., Nov. 10.—J. W. Baker, station agent of the St. Louis-San Francisco railroad at Elgin, 15 miles north of here was wounded late today in an exchange of shots with three bank robbers from the looting of the Bank of Elgin. The robbers escaped with several sacks of silver and an undetermined amount of currency with a posse of citizens at their heels.

AMERICA TO ALLOW ALLIED GOVERNMENTS TO MAKE NEXT MOVE

Reparations Question is Completely in Their Hands

WASHINGTON, Nov. 10.—Initiative in any further effort to work out a new formula for treatment of the reparations problem apparently has passed back today into the hands of the allied governments.

With disclosure of its decision not to participate in any inquiry by experts, which should be held down to French restrictions, the Washington government today resumed its place as an interested observer of European events.

Officials had nothing to add to the exposition of the exchanges with the French government which led to a decision that Premier Poincare's attitude made the inquiry plan useless from the American point of view. So far as could be learned over night advice to the state department did not foreshadow any immediate new step in London or any other allied capital seeking some other avenue by which American help could be obtained.

Hints in press reports that Great Britain and the United States might feel disposed, in view of the French attitude, to take up with Paris the question of when France expected to be able to pay her war debts found little to confirm them in administration circles. That course is known to have appealed to some of those connected with the debt commission in a favorable way but there has been nothing to indicate that President Coolidge or Secretary Hughes had it under consideration. Mr. Hughes is reported to have opposed recent suggestions that the commission take up with France the matter of arranging a funding agreement. No authorized statement in that respect ever has been forthcoming. It is known that the proposals discussed in the European press that allied debts be included in the proposed reparations inquiry was not mentioned in the diplomatic conversations at Washington after Mr. Hughes' pronouncement on the point in his communication to Lord Curzon of October 15.

In the absence of any further development in the reparations situation, Washington officials were hoping for advice that would give a clear understanding of political happenings in Germany during the last day or two. They have been limited largely to press reports in considering the possible effects of the Bavarian overnight coup and also with respect to the return of the German crown prince to Germany. Comment was withheld for lack of any word from American sources that shed any light on the situation.

MARY MAY RETIRE FROM MOVIE WORK

LOS ANGELES, Calif., Nov. 10

Mary Pickford will retire from the screen if conditions in the motion picture industry grow any worse she testified today during the federal trade commission's hearing into charges of unfair and stifling competition on the part of the Famous Players Lasker corporation.

At the conclusion of testimony today the hearing was adjourned to Jacksonville, Fla., until next January. No further hearings will be conducted on the west coast, it was said.

"I have to worry so much about distribution under present conditions that my ability as an actress is constantly impaired," Miss Pickford said.

The statement came at the conclusion of the testimony by the star to the effect that the producing companies have so bottled the better theaters in the country that she found it difficult and often impossible to get a showing of her pictures in the better play houses.

HOLLAND SURPRISED THAT PRINCE LEAVES

AMSTERDAM, Nov. 10.—(A. P.)—The Dutch authorities were completely surprised by the sudden departure from Holland of the former crown prince Frederick William of Germany, who, it is confirmed, passed over the German frontier today in an automobile, en route to his estate at Oels, Upper Silesia.

When Dr. Kahr of the ministry of the interior, who had been especially charged with surveillance of the former Kaiser and his son, was asked shortly before noon if the rumor of the latter's departure was true, he expressed doubt and said that personally he did not believe it. Later the report was confirmed in a semi-official statement.

MANY KILLED WHEN PORT BLOWS UP

Bucharest, Rumania, Nov. 10.—(A. P.)—Many persons were killed and scores wounded when Port Domnesti, on the outskirts of the capital, blew up today. For many hours the city was imperiled by bursting shells which fell at considerable distance from the fort. The material damage is reported to be heavy.

NATION SHOULD RENEW PLEDGES OF OBLIGATION

Former Soldiers Honored in Public Statement by President

WASHINGTON, Nov. 10.—(A. P.)—President Coolidge, in an armistice day statement to the American people, issued tonight at the white house, declared the nation should renew tomorrow its "resolve to continue to meet its obligations to those who suffered injury from their service," in the world conflict ended five years ago.

The nation, he added, will not fail either to pay "the reverence due to the memory of those who did not see the end, but died that the end might come."

Mr. Coolidge tomorrow will go to Arlington National Cemetery accompanied by Secretary of War Weeks and Assistant Secretary of Navy Roosevelt to lay a wreath on the tomb of the unknown soldier thereby carrying forward a custom established a year ago by President Harding.

Fifth Anniversary

President Coolidge statement follows:

"November 11, will be the fifth anniversary of the signing of the armistice which ended the world war. The nations have not yet recovered from that great catastrophe nor will they recover for some time to come. But a great deal of progress has been made in that direction. Most of the millions of soldiers have been returned into their civilian life, and the commerce and industry are tending toward their pre-war conditions. The lapse of time has mellowed the resentments which arose out of the war and has healed many of the wounds that such a struggle was bound to make."

"It is greatly to be hoped that we are on the threshold of a new era. The Washington conference, resulting in the first practical limitation of armaments among the nations of the earth did much to promote peace and good will in our own country, and brought about a reduction of our expenditures within our income, and brought about a reduction of war debts."

"Our country will remember with gratitude on that day those who served it with such distinction and renew its resolve to continue to meet its obligations to those who suffered injury from their service. But for their action, so patriotically performed, armistice day would have had quite another meaning for us and for the world. It will not fail, either, to pay the reverence due to the memory of those who did not see the end, but died that the end might come."

"This is well also, to recall just what this day meant. It meant the end of a war. It ought to mean the permanent return of a peace which can only be established thru good will and only enjoyed in security when it rests on justice. If there is to be peace on earth, it will be because between nations there is justice on earth."

TELEPHONE GIRL KILLED BY NEGRO

St. Louis, Mo., Nov. 10.—Mary Bauers, 17 year old, a telephone girl, was shot and killed in an alley here tonight when she resisted an attack by a negro who forced her escort Clarence Level, 19, to remain near the entrance of the alley, according to a story Level told police.

WEATHER

Illinois: Fair Sunday; somewhat cooler in north and central portions; Monday, increasing cloudiness.

Indiana: Fair Sunday; somewhat cooler in extreme north portion; Monday fair.

Wisconsin: Fair Sunday slightly cooler near Lake Michigan; Monday probably fair.

Missouri: Fair Sunday, slightly cooler in north and east portions; Monday increasing cloudiness, probably becoming unsettled in west portion.

Iowa: Fair Sunday, Monday increasing cloudiness; little change in temperature.

Chicago and vicinity: Fair and cooler Sunday; Monday increasing cloudiness; gentle winds, mostly north to east.

A THOUGHT

He that hath knowledge spareth his words.—Prov. 17:27.

Silence is deep as eternity; speech shallow as time.—Carlyle.

Some government statistics show that the Indian population of the United States increased more than 1100 last year. Perhaps all the sympathy we have

been pouring out because the red men's race is soon to become extinct has been wasted.

It may be too late for Indian summer, but whatever brand of weather this may be, let's have more of it.

Coch Zuppke is not much inclined to promise winning games and can never be charged with over-confidence. He wins first and does the talking afterward.

Armistice Day this. There will not be the boisterous demonstration that marked the day five years ago, nor perhaps the deep feeling that existed then. However, the meaning of the day is by no means forgotten. The local program arranged by the American Legion to take place this morning at the Congregational church is a most fitting form of observance.

The home team won on Homecoming day, a fact which made the day very much more interesting. Illinois college players are good sports and could have taken defeat, but the winning of yesterday's game not only made the homecoming a success but infused a lot of pep that will be shown in later games.

Senator LaFollette seems to be the only one of the large group of senators and congressmen returned from Europe who has de-

clined to express his opinion as to what are the real conditions and what Europe needs. Silence has never been counted a dominant characteristic of the Wisconsin senator. In this instance it can be put down that he is keeping still until the stage is all set for his utterances to carry the greatest influence.

Senator LaFollette is in many ways one of the most remarkable figures in Washington and without question he is able to handle a comparatively small group of followers in such a way that he must be taken into account in any national program.

RED CROSS ROLL CALL

To the People of Morgan County: In appealing to you to enroll as members of the Red Cross, I desire to explain to you the necessity for a large organization here, in order that the things that are necessary in the situation of today may be accomplished. It should be remembered that 50 cents out of every dollar given for ordinary membership locally goes to the National Headquarters for the work it has undertaken, nationally and inter-nationally. We will suppose that 4,000 of our people locally enroll their names as members of the Red Cross, this would mean the equivalent of \$4,000, but out of this must be \$2,000 for the purpose I have mentioned.

Various other classes of membership are obtainable, notably the sustaining membership for which the member pays \$10, and of which all is given to the local work excepting the national fee of 50 cents, likewise the contributing membership which may be obtained for the fee of \$5.00, leaving the full amount for local work excepting the national fee of 50 cents.

It is my purpose to personally appeal to those whose prosperity is secured by the sacrifices made by the disabled American soldier, for a contribution worthy of the donor and the cause that is benefited by his generosity. Were it left to me as an individual to define my conception of the care these men should receive at the hands of the people whose institutions were saved by the valor and spirit of these soldiers, I would say without any hesitation that they should receive adequate care, even if in the giving of that care the last dollar was taken from the treasury of the Republic. It would not be possible to give any compromise answer.

Therefore I have no hesitation whatever in asking those upon whom fortune has smiled to contribute either sustaining or a contributing membership and upon those less fortunate who are still possessed of a heart and a dollar to enroll in the Red Cross. It ought not to be necessary to be compelled to plead the cause of the disabled soldier. The debt we owe him is so evident that it

should require only the calling of our attention to it to awaken our spirit of responsibility. I ask the consideration of all citizens in this cause because the Red Cross draws no line of race or creed or color.

J. J. Kelly, Roll Call Director, Morgan County Chapter, American Red Cross.

BERTON BRALEY'S DAILY POEM

Soldiers of Peace

BY BERTON BRALEY

THE Men who fought our battles,
Who did the work of war;
They have not yet forgotten
What they were fighting for.
The Statesmen and the Diplomats
Conduct things as they may,
But the Men who fought the battles
Will have the final say.

THE Men who fought our battles,
French, Latin, English, Yank,
The common ordinary lads
Of plain Buck-Private rank—
The boys who faced the Hell of It
And know what battles cost
Will not stand meekly by and see
Their mighty labors lost.

THE Men who fought our battles
And watched their Buddies die
Will see the dead die not in vain,
Or know the reason why;
And though the world is torn and racked
With suffering athrob,
The Men who fought our battles
Are still upon the job.

AND though Peace is a longer task,
They'll surely see it through,
Till all the dreams for which they fought
Shall finally come true.
The spirit that was in their hearts
Has neither changed nor passed,
And the Men who fought the battles
Will win the Peace at last.

(Copyright, 1923, NEA Service, Inc.)

WHEAT DESTROYED BY FIRE ON CLARY FARM

Firemen Unable to Save Three Stacks of Grain When Ignited by Spark From Threshing Engine.

A fire which originated from sparks thrown off by a threshing engine, destroyed three stacks of wheat on the farm of Jeffrey Cleary, northwest of the city, yesterday afternoon. The machine had pulled in to thresh Mr. Cleary's wheat, and the crew was preparing for work, when sparks from the engine set fire to one of the stacks.

One of the city fire trucks manned by several firemen, was rushed to the scene, but little could be done to save the grain. The pumper was connected with a large well, but it was not long before this was pumped dry. As the stacks were in an open field, no other damage was done.

Mr. Cleary's loss the amounting to many hundreds of dollars, is partially covered by insurance. He has been attempting to get the grain threshed for some time, but inclement weather hindered the work.

While one of the fire trucks was busy at the Cleary farm, the other was called to the far end of West Lafayette avenue, where a shed at the residence of Mrs. McEvers had caught fire. Other property on the lot was protected by the firemen, but nothing could be done to save the shed, which was entirely destroyed. The loss was slight.

GARRICK'S ORCHESTRA HERE TUESDAY NIGHT

J. G. Berger, proprietor of the Auto Inn, announces that he has secured Garrick's celebrated harmony orchestra to play for the dance announced for Tuesday night at the Inn.

The Garricks played all last summer at the Depler Springs, a favorite vacation resort, giving general satisfaction to the management and to the visiting public. They are always secured for the Elks and Masonic dances at Beardsdown, and the promoters of these society events tell Mr. Berger that they are strongly patronized and that dance lovers in Virginia and Beardsdown and surrounding territory are never tired of sounding the praises of the Garricks and telling of the fine manner in which they "put over" their orchestras.

Miss Catherine McAllister was a Meredosa visitor here Saturday.

T. N. Bush and family of Finley avenue, who left recently for the south are now located at Lake Worth, Florida.

MAJESTIC THEATRE

A Wonderful Actor in a Zane Grey Story

Monday and Tuesday

An adventurous story of the vast cattle reaches of the Lone Star State when bullets were more valuable than life—A thrilling Zane Grey story, faithfully depicted by that versatile star and his wonder horse—

TOM MIX

in

"The Lone Star Ranger"

Brief Synopsis of Zane Grey's Story

Duane, handsome and well-meaning Westerner whom an unfair fate had declared an outlaw, is captured by the Texas Rangers. To atone for his past and regain his freedom he consents to attempt the capture of the most dangerous band of cattle rust-

lers in Texas. When his task is half done he realizes the girl he loves is the daughter of the ringleader. Duane swerves not from his purpose, disrupts the band, gains a pardon for the girl's father and wins her hand.

Corn Prizes

The Farmers State Bank and Trust Company

Offers the following Corn Prizes:

FOR THREE EARS YELLOW CORN

First, \$5.00; second, \$4.00; third, \$3.00;
fourth, \$2.00; fifth, \$1.00.

FOR THREE EARS WHITE CORN

First, \$5.00; second, \$4.00; third, \$3.00;
fourth, \$2.00; fifth, \$1.00.

All corn entered must
have been grown this
year within 25 miles of
Jacksonville and entered
by the grower or a mem-
ber of his family. It
must be picked with the
husks on so that it can
be hung thereby, as
shown in the banks trade
mark, and brought to
the bank on or before
December 10. Prizes will
be awarded by corn ex-
perts. All corn entered
to become property of
the bank.

EARL HARDEN DEAD FROM EXPLOSION

Former Morgan County Resident
Perished in Attempt to Save
Oil Truck From Fire.

A Burlington, Kansas, news-
paper contains the following ac-
count of the recent tragic death
of Earl Harden, a former Waver-
ly citizen:

Earl Harden, agent for the
Crew Levick Oil company, was
almost instantly killed last eve-
ning about 5 o'clock by the explo-
sion of the gas in the three com-
partments in his oil truck while
he was trying to save the truck
from destruction by fire which or-
iginated at the bulk station near
the Katy tracks.

Mr. Harden could have saved
himself had he not tried to save
the truck, although at the time he
cranked up the truck his shoes
were in flames.

Wait Kirkham, agent for the
Mutual Oil company whose tanks
adjoin the Crew-Levick tanks was
talking to Mr. Harden just before
the explosion and had walked
about 50 feet when he heard the
first puff of the exploding gas and
saw Mr. Harden come out of the
building in a billows of flames,
and then ran to his own truck
standing nearby and cranked it
and got away as quickly as he
could. He did not know that Mr.
Harden was dead for some time
afterwards.

Mr. Fisher saw Mr. Harden
come out of the door amid a cloud
of fire and smoke, and then go
back to where the oil truck was
standing and crank it up, while
his feet were in flames. The en-
gine didn't catch on the first
cranking and Mr. Harden cranked
up again and then got into the
truck and drove it to the north-
east. According to Mr. Fisher,
the truck was blazing on one side
when Mr. Harden first started to
crank it, and by the time he got
it started, the entire back part
of the truck was enveloped in rolling
flames. Mr. Harden did not act
excited, but paid no attention to
Mr. Fisher's cry "For God's sake
come away."

Mr. Harden had driven prob-
ably fifty yards when the first
compartment exploded, and this
was followed very quickly by the
explosion of the other two com-
partments. The truck went some
yards before stopping.

Mr. Harden's death was caused
by the explosion of the front com-
partment of the truck, his neck
being broken when the front end
of the steel tank blew out, forcing
the back of the cab forward
against him. He was thrown thru
the windshield and when men got
to him his head was lying on the
hood of the engine with blood
streaming from cuts on the left
cheek made by the broken glass
of the windshield.

SYNOD CONFERENCE COMMITTEE TO MEET

A number of ministers of the
Springfield Presbytery will be in
the city next Tuesday to attend a
meeting of the Synod Conference
committee. The session will be
held at State Street Presbyterian
church at 11 o'clock, and follow-
ing the session luncheon will be
served at the church, under di-
rection of Mrs. C. A. Johnson.

One of the main purposes of the
meeting is to lay plans for the
Synodical conference to be held in
this city during the month of
June, 1924.

Among ministers who will be in
attendance at the meeting next
Tuesday will be:

Rev. Henry S. Brown, Chicago
moderator; William F. Jones,
Carlinville; Harmon Johnson,
Clinton; J. N. Elliott, Decatur;
W. H. Cremons, Springfield; W.
B. Hindman, Aurora; W. Clyde
Smith, Chicago; J. B. Farrell,
Virginia; D. L. McNary, Freeport;
Mrs. Stroh, Chicago; Mrs. Pinnell,
Decatur.

The three local Presbyterian
ministers and a representative of
the Chamber of Commerce will al-
so be in attendance.

MENELEY COMPANY DOES FAST WORK

These fine days work on the
hard road west of Jacksonville is
moving along with great speed.
The men managing the operations
for the Meneley Construction Co.
are thoroughly experienced and no
time is being lost. The state re-
cords show that the Meneley Co.
had the largest day's run last
week for class A concrete mixers.
The largest day's run was 606
feet, and the largest week's run
was 2,159.

Mr. Meneley's old record of
2,017 feet for the biggest day's
run of the season, and the largest
week's run of the season, 7,429
feet, still stand. He also holds
the record for the largest season's
output, 15.88 miles. Class A mix-
ers include all of above 8 bag ca-
pacity.

THE QUAIL SEASON OPENS

Although the quail season opened
Saturday, this year, scores and
scores of residents found time to
get out into the country. An
unusually large number of hun-
ters' licenses have been issued this
year in Morgan county. The num-
ber is more than 600 from the of-
fice of County Clerk Riggs and
past the 200 mark in the office of
City Clerk Scott.

The season for quail runs to
Dec. 10, with a daily bag limit of
12. The season opened yesterday
also for pheasants, prairie chick-
ens and rabbits. The pheasant
season ends November 15, prairie
chicken season Nov. 21 and the
rabbit season runs to January 1.
In the central and southern zones
and to Jan. 31 in the northern
zones. You can kill just as many
rabbits daily as your aim makes
possible.

VISITORS FROM CHAPIN

Mr. and Mrs. C. B. Hamilton
and son Warren and Misses Lina
and CVerina Hamilton, living near
Chapin, were among visitors in
Jacksonville Saturday.

COLLEGE PROFESSOR LAUDS H. S. PAGEANT

Prof. A. Gordon Melvin Speaks in
Glowing Terms of Last Evening's
Historical Spectacle.

November 9, 1923.

The Editor,
Jacksonville, Ill.

Dear Sir:

The History pageant produced Fri-
day evening in the High school is a
community undertaking deserving of
signal notice. It was a portrayal
worthy of any High school in the
United States. Great credit is due
to the faculty of the school and to
the students, who acquitted them-
selves admirably.

The ordinary man in the street
does not realize the importance or
the significance of such school ac-
tivities. He does not understand that,
in its conception and in its actual
planning and writing, this pageant
was the work of the students and not
of the teachers. Here is an example
of the way in which the young peo-
ple of Jacksonville, under the guid-
ance of skillful and untiring teach-
ers, can cooperate and accomplish
something worth while. Here is an
example of education which is not
mere "book-learning" but living and
doing. It is in line with the very
best modern educational practice.

The auditorium was crowded be-
yond capacity. Many must have been
turned away. There must be many
others in the city who would be an-
xious to see a presentation at once so
credible and so worth while. Could
we not have a repetition of this
pageant? All Jacksonville should
see it.

Yours truly,

A. Gordon Melvin,
Professor of Education, Illinois
College, Crampton Hall.

GOVERNMENT BUDGET WILL SHOW SAVING

WASHINGTON, Nov. 10.—
Budget estimates of federal ex-
penditures for the fiscal year be-
ginning next July 1 will total ap-
proximately \$1,680,000,000 or
\$20,000,000 under the amount
fixed by President Harding last
March as adequate for paying the
ordinary costs of the government.

Director Lord of the budget bu-
reau virtually had completed his
annual task tonight and with the
exception of a few minor items
the budget was complete. The
first of the list estimates have
been placed in the hands of the
government printer in prepara-
tion for submission to congress
December 3.

Altho budget officials declined
to discuss the individual items
contained in the estimates, it can
be said that few agencies of the
government were allowed to in-
clude requests for more money
than they have appropriated for
the current twelve months. Many
of them it was declared have been
substantially reduced while others
are accorded sums barely equal to
the amounts they may spend this
year.

RETURNS TO HOME

Mrs. E. A. Lane was able to be
taken to her home in Riggston
yesterday after a stay of two
months in the city. Part of the
time Mrs. Lane was a patient at
the hospital and later she was at
the home of relatives. It will
be gratifying news to her many
friends that she is now very much
improved in health.

WELL KNOWN COUPLE WED SINCE AUGUST

Frank Jones and Miss Mary
Winchester Married in Rush-
ville and Kept Fact Secret.

Announcement was made yest-
erday that Frank Jones, well
known as a Dokay basket ball
star, and also first baseman of
the Murrayville Merchants dur-
ing the past season was married
August 6th at the Presbyterian
manse in Rushville, to Miss
Mary Winchester of Jackson-
ville. Mr. Livingston of Rush-
ville officiating.

This news will come as a total
surprise to the friends of both
contracting parties. The bride's
brother, William Winchester,
who is also a member of the
Dokay team, surprised his
friends earlier in the season by
a similar announcement.

The bride is the daughter of
the late Mr. and Mrs. W. J. Win-
chester and has spent most of
her life in Jacksonville coming
here from Peoria when a child.
She is a graduate of the Jack-
sonville high school with the
class of 1919, and afterward
attended Illinois College for a
short time. For the past two
years she has held a position in
the office of Rabjohns and
Reid store.

The groom is the son of Mr.
and Mrs. Samuel Jones of Mur-
rayville and is a graduate of the
Murrayville high school. He
also took a course in Brown's
Business College of this city.
He is now connected with the
Coffee and Waft Shop on West
State street. Both young people
have friends all over the county
who will extend good wishes.

Mr. and Mrs. Jones are now
at home at 904 West Lafayette
avenue.

At Westminster Sunday night, Film and sermon upon "The Real Roosevelt."

WOLF CUBS MADE HIKE

Wolf Cubs of the Silver Pack
affiliated with the Congrega-
tional church went on an over-
night hike Friday and returned Sat-
urday noon. Henry Alexander, di-
rector of boys' work at the Con-
gregational church, was in charge
of the hike and the boys went
to the Kiwanis cottage near Arnold.

Various games were enjoyed
during the evening and several
stories were told by Mr. Alexan-
der. Later the boys studied the
stars for a time before retiring
for the night. They arose at 4
a. m. to see Mars come up over
the horizon. The morning was
spent in scouting, exploring and
playing games and the return was
made at noon as indicated.
Messrs. P. P. Thompson and Hack-
ett Wilder transported the boys
to and from the woods.

Salvation Army—Barracks, 108
East College street. Jail meet-
ing at 10 a. m. Holiness meeting
11 a. m. Sunday school, 2:30 p.
m. Young People's Legion, 6:30.
Open air meeting, 7:30. Special
meeting at 8 o'clock, with E. C.
Rutherford, as speaker. Every-
body welcome.

FORMER RESIDENT OF SCOTT COUNTY DIES

Mrs. Henry Riggs Passed Away
at Oakland, Calif.—Interment
to Be in Los Angeles

Mrs. Carrie Allen of 204 North
Church street received a message
yesterday morning announcing the
death of her cousin, Mrs. Henry
Riggs at Oakland, Calif., while
enroute to her home in Los An-
geles. The news came as a great
shock, for it was only a few weeks
ago that Mr. and Mrs. Riggs were
here visiting relatives and friends.
The illness of pneumonia was
only a few days.

The remains are being taken on
to the Los Angeles home where
funeral services will be held Mon-
day, and interment will also be
in Los Angeles. Both Mr. and
Mrs. Riggs are former residents
of Scott county and have just
recently completed a several
months visit in Illinois. They
have been extensive travelers and
were planning another trip upon
their return to Los Angeles.

Mrs. Riggs was the daughter of
Dr. and Mrs. Bradford Skinner
of Virden, Ill. Besides her
mother she leaves to mourn her
death two brothers, Henry and
Chase Skinner of Oklahoma and
one sister, Mrs. Richard Graham
of Ohio.

Mrs. Clyde Black and infant
son, Clyde Jr., are now at their
home three miles north of the
city.

Mrs. Homer Tice and baby left
Passavant hospital Saturday and
returned to their home on West
Third street.

Mrs. George Stice returned from a visit with relatives at Decatur.

Rev. H. S. Lucas went to Decatur Wednesday and returned with his family.

Charles Jackson returned from Michigan where he spent the summer.

CO. WOMAN'S CLUBS HELD MEETING

Special Session of The Federation of Women's Clubs Saturday—Mrs. J. W. Arnold Heads Oak Lawn Society.

A call meeting of the County Federation of Women's Clubs was held yesterday afternoon in the Medical rooms of the public library.

There was a good attendance at this meeting and the program included the following: A talk by Dr. Grace Dewey on "Citizenship Taught in the Schools of Champaign," which was exceedingly interesting and in which she spoke particularly on the question of taxation. Mrs. A. T. Adams gave a report of the 20th district, emphasizing especially the fund for the State Endowment for Women's Clubs. Reports were given from the different workers in the election for the extension of the Sanatorium fund, in which they explained the work which they had done.

Mrs. Roberts gave the report for the Oak Lawn Sanatorium and she mentioned the fact of Fred High's visit to the sanatorium yesterday morning and that he was particularly interested in such institutions, because of the fact that he himself has fought against tuberculosis. Mrs. J. W. Arnold was appointed to fill the position of president of the Oak Lawn Aid Society, since the former president, Mrs. Curry, leaves on November 20, for California.

REPUBLICAN WOMEN

Republican precinct chairman vice-presidents of the Morgan County Republican Women's club are requested to notify Mrs. Grant Graff by Wednesday the number of women from their precinct who expect to attend the Republican meeting Friday November 16 to hear Miss Helen Bennett and Miss Anne Forsythe of Chicago. The meeting place to be announced later.

Mrs. Walter C. Bradish, President Morgan County Republican Women's Club.

Prevention is always better than a cure! You'll thank us time and again if you order coal now, when prices are down and delivery is assured.

WOMEN OPERATE LOAN AND SAVINGS COMPANY

CLEVELAND, (AP)—What is believed to be the first savings and loan company to be operated by a personnel entirely feminine, the Women's Savings & Loan Company, has just opened new offices in the Women's City Club building, the first building to be planned and financed here by a women's organization. The company was organized in January, 1922, by 15 women, and now claims assets of more than \$150,000. It has 500 stockholders. All officers of the company, as well as its directors and sales force, are women. However, its biggest clientele is said to be among men. Decorations of the new offices include one feminine touch, some attractive paintings, but the rest of the office atmosphere is very businesslike, with gray walls and heavy mahogany furniture.

Princess Hermine, wife of former Emperor William of Germany recently paid a graceful tribute to an aged servant in Dresden, which tends to discredit charges that she poses as the successor of the late empress Augusta Victoria. In accordance with the old German custom that the Kaiserin should send her autograph photograph to servants who round out 50 years in service in the same family, a Saxon family wrote Hermine telling her that a venerable maid in their employ would appreciate an autograph photograph of her. Hermine wrote a note to the aged servant commending her faithfulness, but instead of her own photograph she enclosed one of the late empress, taken in royal attire at Potsdam palace.

Mr. and Mrs. Arthur Crum were in the city from Virginia yesterday.

Miss Gertrude Sheppard was a Woodson shopper in the city Saturday.

Mr. and Mrs. W. C. Brockhouse were Concord callers on friends here Saturday.

BERLIN, Oct. 20. (By the A. P.)—Daughters and sons of former kings now marry in Europe with scant mention in the society columns of the newspapers. Princess Pia Anna Monica, daughter of former King Friedrich August of Saxony, recently married Duke Joseph Franz, son of former Archduke Joseph of Austria. The wedding took place at Sybilleort Castle, near Munich, Bavaria and the affair was so unostentatious and slightly heralded that even the neighbors scarcely knew that the ceremony had been performed.

The bride and groom first met in Regensburg during August at the wedding of Prince Friedrich Christian of Saxony and the princess of Thurn and Taxis. The engagement was simply announced a few weeks later and the wedding was so quiet that there was little chance for the society gossips to review the domestic troubles of Saxony's king which resulted in divorcing his wife because of an "affair" which she had with a tutor whom she afterwards married.

That was 20 years ago and the bride of a few days ago was born after the divorce was granted but always has lived with her father. The former queen now is known as the countess Montignoso. She has been married and divorced several times since she parted from King Friedrich August. She now lives in Spain. Friedrich August never remarried.

Princess Hermine, wife of former Emperor William of Germany recently paid a graceful tribute to an aged servant in Dresden, which tends to discredit charges that she poses as the successor of the late empress Augusta Victoria. In accordance with the old German custom that the Kaiserin should send her autograph photograph to servants who round out 50 years in service in the same family, a Saxon family wrote Hermine telling her that a venerable maid in their employ would appreciate an autograph photograph of her. Hermine wrote a note to the aged servant commending her faithfulness, but instead of her own photograph she enclosed one of the late empress, taken in royal attire at Potsdam palace.

BRIEFS

The Hague, Nov. 10.—It was officially stated both the Dutch and German governments granted ex-crown Prince Frederick William permission to return to Germany.

East St. Louis, Ill., Nov. 10.—Eleven warrants against Louis Johnson, charging automobile thefts have been dismissed. It was announced today following a repudiation of a statement by a witness implicating Johnson in the alleged wholesale thefts of automobiles in southern Illinois.

Belleville, Ill., Nov. 10.—More than 100 persons have become ill following a church supper here Wednesday night at which chicken, dressing, cranberries and the accompanying dishes were served. None is serious, it was said. The women of the church prepared the food, an analysis of which is being made.

London, Nov. 10.—The importance attached here to American participation in the proposed reparations inquiry is emphasized by the great prominence given by the newspapers to the eleventh hour report of the Washington government's inability to be represented in the investigation and the view of President Coolidge that a restricted inquiry as proposed by France would be futile.

Sterling Ill., Nov. 10.—Charles W. McCall, circuit clerk of Whiteside county, has accepted an appointment by Governor Len Small to the position of assistant superintendent of pardons and paroles of the department of public welfare, to succeed the late A. D. Warner of Chicago. Mr. McCall will resign as circuit clerk early in December and take up the duties of his new office.

Galesburg, Ill., Nov. 10.—Just as he reached the climax of a talk at a dinner meeting last night in which plans for next week's Red Cross drive for funds were outlined, Ralph V. Field, Knox county Red Cross chairman, toppled over with a heart attack. He was reported to be recovering this morning.

PAUL BLACK TO WED MISS ALLYNE WILSON

Ceremony at Monticello Today Will Unite Well Known Young People—Will Reside at Black Homestead North of City.

The marriage of Miss Allyne Wilson of Monticello and Mr. Paul S. Black of this county will be solemnized today. The ceremony will take place at 4 o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. George Wilson in Monticello.

Miss Wilson after attending the University at Normal, taught in the schools of Monticello and Jacksonville and is quite well known by a number of local people. She is a young woman of especially admirable spirit and her many local friends will be glad to know that she is to become a permanent resident of this locality.

Mr. Black is the youngest son of Mr. and Mrs. Charles S. Black and so has spent his entire life here. He graduated from the local high school and subsequently took a course at Brown's Business college. Recently he has been engaged in farming with his father and is to operate the home place. He is actively identified with Ebenezer M. E. church and is a young man of the fine character that one expects with the Black family.

Within a short time the newlyweds will establish their home on the Black farm three miles north of the city, as Mr. Black's parents will become residents of Jacksonville.

Mr. and Mrs. Charles Black, Miss Mary Black and Clyde Black will drive to Monticello this morning to be present for the ceremony.

Mr. and Mrs. Arthur Crum were in the city from Virginia yesterday.

Miss Gertrude Sheppard was a Woodson shopper in the city Saturday.

Mr. and Mrs. W. C. Brockhouse were Concord callers on friends here Saturday.

FORMER RESIDENT OF SCOTT COUNTY DIES

Richard McClure Passed Away Saturday at Home in East St. Louis—Other News From Winchester.

Winchester, Nov. 10.—Bluford McClure received a message Saturday morning telling of the sudden death of his brother, Richard McClure, at his home in East St. Louis.

The remains are expected to arrive on the morning train Sunday and the funeral will occur from the Baptist church at 2 o'clock Sunday afternoon. Interment will be in the Claywell cemetery.

Mr. McClure was a former resident of Scott county and will be remembered by many local residents.

News Notes.

D. D. Watt and daughter, Miss Margaret and son Allen, Tom Dugan and Mrs. Thomas Divine motored to Champaign Saturday morning to witness the football game, and to visit with Tom Watt who is in school there.

Dr. Earl McLaughlin of Texas is here for a visit with his parents. George Lyons of Jerseyville is visiting his parents west of town. Ray Husted returned home on Friday morning from Galesburg, where he attended the farm bureau meeting.

A play will be given by a number of young people the latter part of November, the title of which will be "A Cure for Incurables." The production is to be staged under the direction of Mrs. David Hainsfurther and rehearsals have already begun.

The annual chicken pie supper of the Methodist Ladies Aid will be given next Thursday evening, Nov. 15.

Mr. and Mrs. Ivan Hawk were assisting at the D. D. Watt store in the absence of Mr. Watt Saturday.

The Hamilton & Evers store opened for business Saturday, the firm have rented the Ed Smith building on the west side of the square.

CHILDREN OF KINGS GET SCANT MENTION

Recent Wedding of Duke and Princess So Quiet Few Neighbors Heard of Event

SOCIAL EVENTS

Gave Party
Mrs. John Hartsock of Bras here Mo., was the guest of honor at a party at the home of Mrs. George Spire at her home on South Fayette street. It was a very pleasant event.

Phi Nu Society Entertains Pledges

The members of Phi Nu society of Illinois Woman's college entertained the young ladies who are pledges of the society, with an informal dance at the hall last evening. This was followed with a banquet at the Peacock Inn. All spent an enjoyable evening, which came to a close at a late hour.

Class Entertained at Wharton Home

Miss Felecia Wharton entertained the members of her Sunday school class yesterday afternoon with a pleasant party at her home on South Church street. Music, games and refreshments were enjoyed. The class belongs to the Central Christian church Sunday

school and is taught by Mrs. Kate Clarkson. Miss Virginia Wharton assisted in serving the refreshments. Those present included Felecia Wharton, Dorothy Tendick, Helen Cloyd, Dorothy Dover, Grace Swan, Eva Green, Margaret Biggs, Georgia Harney, Mary Alice Ellis, Mary Lee Tormey, Josephine Mann and Mrs. Katie Clarkson.

Danced at College Gym

The students of Illinois college had a dance in the gymnasium last evening in honor of yesterday's victory over Eureka. The Eureka students and a large number of the alumni of Illinois college were guests at this occasion and the evening was an unusually successful and enthusiastic one, which made all the former students feel quite at home (once more).

Mr. and Mrs. Edgar Stout of Winchester visited with Mr. and Mrs. Joseph Stout Friday night.

Douglas Story was a Saturday visitor in the city from Murrayville.

CONSTRUCTION WORK INCREASED PAST MONTH

W. F. Dodge Corporation's Review of Building Activity During the Month of October, 1923.

October construction showed a surprising increase, according to F. W. Dodge Corporation. Total contracts awarded during the month in the 36 eastern states amounted to \$360,687,000. The increase over September was 25 per cent, whereas the normal season increase is 7 per cent. In 27 of these states the increase over October of last year was 26 per cent.

The large October increase was heaviest in New York State and Northern New Jersey, and in the residential class. Apparently the fact that building costs have declined only slightly is not acting as a very strong deterrent on building operations. The October increase coming after a steady decline since spring, is to be viewed from two angles. A fairly heavy construction volume, keeping the industry busy through the winter, is desirable. If the October record is a fore-runner of abnormally high construction figures for the rest of this year and up to the opening of the next spring season, there is danger of a more severe reaction next year than there was six months ago.

Including in last month's record were the following important items: \$17,042,000, or 48 per cent of the total, for residential buildings; \$63,499,000, or 18 per cent for public works and utilities; \$35,133,000, or 10 per cent for business buildings; \$32,721,000, for industrial buildings; and \$26,085,000, of 7 per cent, for educational buildings.

The total amount of construction started during the first 10 months of this year has amounted to \$2,947,787,000, an increase of 2 per cent over the corresponding period of last year.

Contemplated new work reported in October amounted to \$556,491,000, an increase of 43 per cent over the September figure.

Contracts awarded during October in New York State and northern New Jersey reached the surprising total of \$109,947,000. This total has been exceeded only once in this district, in April 1922 when the figure recorded was \$115,347,000. Last month showed increases of 43 per cent over September and 69 per cent over October of last year. The increases were largely in the residential group, principally apartment buildings and housing developments. Residential construction as a whole accounted for \$70,562,000, or 64 per cent of last month's total. Other important items were: \$10,226,000, or 9 per cent for business buildings; \$9,297,000, or 8 per cent, for public works and utilities; \$7,615,000, or 7 per cent, for educational buildings; and \$5,133,500, or 5 per cent for industrial plants.

Total construction started during the first 10 months of this year has amounted to \$834,811,000, an increase of 9 per cent over the corresponding period of last year. Contemplated new work reported in October amounted to \$145,026,000 an increase of 49 per cent over the amount reported the previous month.

The Central West. October building contracts in the Central West (Illinois, Indiana, Iowa, Wisconsin, Michigan, Missouri, Kansas, Nebraska and Oklahoma) amounted to \$83,943,000. The increase over the previous month was 17 per cent; over the corresponding month of 1922 3 per cent. The following items appear in the October total: \$34,546, or 29 per cent, for residential buildings; \$19,854,000, or 24 per cent for public works and utilities; \$6,906,000, or 8 per cent, for industrial plants; \$6,812,000, or 8 per cent, for business buildings; and \$6,633,000, or 8 per cent, for educational buildings.

Construction started in this district during the first 10 months of 1923 shows a decline of 7 per cent from the corresponding period of 1922. This year's total to date is \$878,370,000.

Contemplated new work reported in October amounted to \$178,478,000, an increase of 73 per cent over the September figure.

The Northwest. October contracts in Minnesota, the Dakotas, and Northern Michigan amounted to \$9,434,000. The increase over September was 32 per cent; over October 1922, 226 per cent. This large October figure included: \$3,570,000, or 38 per cent, for public works and utilities; \$2,984,000, or 32 per cent for residential buildings; \$1,130,000, or 12 per cent, for educational buildings; and \$620,000, or 7 per cent, for business buildings.

Construction started in this district during the first 10 months of this year, amounting to \$110,540,000 has shown a 57 per cent increase over the corresponding period of last year.

The amount of contemplated new work reported in October, \$15,102,000, registered an increase of 80 per cent over the September figure.

FUNERAL OF REV. PHILLIPS THIS AFTERNOON

A funeral service in memory of the late Rev. W. S. Phillips was held at the Methodist church in earlyville Saturday morning. In the afternoon the funeral party drove to Jacksonville. Members of the family are at the home of Mr. and Mrs. Wood Phillips, 6 Duane Place. The funeral services in Jacksonville will take place at Centenary church at 2:30 o'clock this afternoon with interment in Diamond Grove cemetery.

Mrs. Clarence Henry of Woodson vicinity was a Saturday visitor on the square.

DEATHS

Riggs. Mrs. Carrie Skinner Riggs passed away at Oakland, California, Friday at 4 p. m. Death resulted from a complication of diseases following pneumonia. Mrs. Riggs had just returned from a visit with her mother at Virden, Illinois. Besides her husband she is survived by her mother, Mrs. Eliza Stuart Skinner of Virden, sisters Miss Mabel Skinner of Virden, Mrs. Dick Graham, of Ohio; brothers Dr. Henry Skinner of Oklahoma, and Charles Skinner of Oklahoma.

Funeral services will be held at Los Angeles on Monday afternoon.

BIRTHS

Born Saturday to Mr. and Mrs. Paul Peters of Bartholomew, Oklahoma, a daughter.

Mrs. Alice Whalen has received word of the birth of a daughter to Mr. and Mrs. Frances Sloan of Chicago. Mrs. Sloan was formerly Miss Mary Whalen of this city. This is their second child. Born Saturday morning at Our Savior's hospital to Mr. and Mrs. Richard Y. Rowe of Sandusky street, a son.

MATRIMONY

Clark-Nevels. The marriage of Clarence Clark and Miss Pearl Nevels, both residents of this city, took place at 8:40 o'clock Friday evening. The ceremony was performed by Rev. W. H. Snowden at the parsonage of Mt. Emory Baptist church. The groom is employed at the Moore pool room and he and his bride are to make this city their home.

DR. REINHARDT IS BRILLIANT SPEAKER

More than usual interest attaches to the coming of Dr. Amelia Reinhardt for an address here next Thursday, Nov. 15, under the auspices of the local branch of the American Association of University Women.

Dr. Reinhardt at the annual convention of the association held in Portland last summer, was elected president of the organization. For years Dr. Reinhardt has been engaged in educational work and is today rightly accounted one of the foremost women of America. She is an especially brilliant speaker and the members of the Jacksonville branch of the A. A. U. W., and

people generally will welcome the opportunity of hearing her next Thursday. The lecture which will be given at Academy hall at 4 o'clock will be open to the public.

Afterward tea will be served in the parlors of the Academy so that those present may have the opportunity of personally meeting this distinguished woman.

RETURN FROM SOUTH

Mr. and Mrs. Charles Liedy have returned from Nashville, Tenn., where they have been for the month. Mr. Liedy has just completed a contract there for the construction of a large bakery oven.

Stock Up on Squibb's

November 3 to 10 is Squibb's Week

During this week the alert, thoughtful housewives of this country will fill their medicine cabinets with a complete line of those favorite household remedies.

The Squibb's line is noted nationally for its purity. Physicians use and recommend Squibb's. Squibb's puts up dozens of preparations, three prominent ones being—

SQUIBB'S DENTAL CREAM
SQUIBB'S MINERAL OIL
SQUIBB'S MILK OF MAGNESIA

MEMORIAL SERVICE FOR MISS ANNA BROWN

Chicago School Pays Honor to Memory of Deceased Teacher—Sun Dial in School Yard is Monument to Miss Brown.

The many local friends of the late Miss Anna G. Brown will be interested in knowing of the memorial service in her honor which was held Oct. 29 at the LeMoine school in Chicago. Miss Brown was a member of the faculty of this school and that her services were greatly appreciated is evidenced by the beautiful tribute paid to her memory.

Members of the Parent-Teacher association of the school attended the service in large numbers and paid their tribute of respect to the memory of Miss Brown. The service opened with the singing of "Lead Kindly Light" by the audience.

Mrs. Pollock of the Parent and Teachers' association spoke as follows:

"I want to say just a few words in behalf of the Parent-Teacher association, to honor the memory of Miss Anna Brown. You will hear the deep appreciation of your Principal and Teachers and I want you to know that as parents and mothers our loss, too, is no small one. Her work with our boys and her influence for good was very great. She, as do we mothers, felt that there was good in every boy, however incorrigible, and it was her purpose to find that good—and to bring out the best that was in him. And to do this attested her greatness as a teacher.

We have erected on the lawn a very beautiful Monument of stone and mortar—a Monument to the memory of Anna G. Brown, but in our hearts is a far greater Monument that she herself built. It is an everlasting love and memory which neither time nor tempest can sweep away. It is indeed only her body that has died—her spirit will live on in undisturbed peace. To the Parents and Teachers and to you children of this LeMoine school will her name forever be called blessed and her memory an everlasting joy."

Mrs. Ellings, Principal, spoke next:

"In the name of the LeMoine school faculty, students and patrons, I thank you for this token of your respect and love for Miss Brown. You feel as I feel that monument, however great, would be commensurate with the love and esteem we all had for her and her work, but this modest little Sun Dial with its inscription as Abraham has said, 'Grow Old With Me.' The best is yet to be." Seems a very fitting tribute to her untiring efforts and her self-sacrificing habits. No enlisted soldier ever had a higher conception of his duty on the battle field than she had of her as an educator. She was not merely a teacher of manual training who ceased to labor when she closed the shop. Her thoughts were ever on the improvement of those who came under her guidance.

Others also took part in the impressive service which closed with the singing "Hear Us O' Father."

A student, James Shannon, presenting a bouquet of flowers, stepped forward and said:

"In loving memory of our dear friend and teacher, Anna G. Brown, we place these blossoms on the Sun Dial."

FUNERAL NOTICES

The funeral of John DeVarose will be held at 1:30 o'clock this afternoon from the funeral parlors of Arthur G. Cody, with interment in Jacksonville cemetery. Funeral services for Rev. W. S. Phillips will be held at 2:30 o'clock this afternoon from Centenary church, with interment in Diamond Grove cemetery.

The funeral of Mrs. M. H. Angelo will be held at 9:15 o'clock this morning from the Gillham Funeral Home in charge of Rev. G. W. Randle.

The funeral of Miss Lucy Barr will be held at the residence 1209 West State street, at 9:30 o'clock this morning, after which the remains will be taken overland to Carrollton for burial. Services at the residence will be in charge of Rev. T. W. Smith.

Funeral services for Samuel W. Groves will be held at 2:30 o'clock this afternoon from the Gillham Funeral Home in charge of Rev. M. L. Pontius.

During the paving of W. State St. we can give you first class service thru our Service Dept. at 314 W. Morgan street.

GUARDSMEN FINISH ENLISTMENT TERMS

Local Howitzer Company in Re-organization After Three-Year Terms Expire

The Howitzer company of this city is now undergoing re-organization, owing to the fact that the terms for which its members enlisted three years ago have expired. In the past few weeks, the company has lost 29 men, and is consequently seeking recruits.

Twelve new members have been added to the roster in the campaign to bring the company up to full strength under a new organization. Much enthusiasm prevails in the company, and the boys are planning the creation of a company fund in order to provide some funds for the winter.

Arrangements are under way for a series of public dances, to be given in Armory Hall on East State street. The first one will be a free dance next Thursday evening, Nov. 15, to which everyone is cordially invited. A six-piece orchestra will furnish the music.

REPUBLICAN WOMEN ANNOUNCE MEETING

Prominent Woman to Address Meeting of Morgan County Republican Women's Club Next Friday Evening

The Morgan County Republican Women's club announces a meeting to be held Friday, Nov. 16, at Jacksonville, the place of meeting to be announced later, at which time Miss Anne Forsythe, executive secretary of Illinois Republican women, and Miss Helen Bennett of the Roosevelt club of Chicago, will each give an address.

The vice presidents of the county have charge of their precincts and it is expected a very large assemblage will gather at the meeting to hear these worthwhile speakers.

Miss Helen Bennett is a charter member of the Illinois Republican Women's club, belonging to the Chicago branch which is known as the Roosevelt club. It was under the management of the Roosevelt club that Miss Bennett ran for the office of county commissioner last fall.

Running for county commissioner in Chicago is lively work for a man and when you are a woman and the first woman at that you are bound to come out of the fray with a good many funny stories to tell and some sad ones. Running for office is not the only political work Miss Bennett has done.

She began her career soon after she graduated from Wellesley by being twice elected County Superintendent of Schools put in the hills of South Dakota, which were then her home. These campaigns meant that she rode for miles over the hills on pony back to shake hands with every rancher and miner in the county. And that was quite a different campaign from the one in Chicago, where there were four and five meetings a night and as many every day for weeks before hand and one had to borrow or buy a car in order to make the round. Yet there was much the same need for good fellowship and square dealing in both campaigns, and the little woman candidate can tell you just when a woman ought to be in politics and what she ought to be there for.

All interested women are invited to attend the meeting.

ALEXANDER STANDARD BEARERS HAD MEETING

Mrs. F. W. Neal Is Hostess to Church Society Saturday Afternoon—Other Alexander News

Alexander, Nov. 10.—Mrs. F. W. Neal entertained the Standard Bearers at her home in Alexander yesterday afternoon at which time a splendid program was given, followed by refreshments served by the hostess. The meeting was opened with the singing of the Doxology followed by Scripture reading and prayer. Reports of officers were heard and Mrs. Lester Grey read an interesting account of a Japanese Missionary story, after which Mrs. Nora Wiley gave the second chapter of the textbook the Standard Bearers are using for the year, "The Woman and the Leaven in Japan." Before the closing of the afternoon a Victrola selection was enjoyed and the roll called, the meeting closing with the benediction. The following were the afternoon's guests: Miss Rachel Hall, Miss Lillian Kumble, Miss Izzetta Kumble and Mrs. Pearl Duke.

Mrs. A. J. Johnson of Alexander spent Saturday in Jacksonville.

Oscar Stice represented Alexander in the city yesterday.

Mr. and Mrs. J. W. Reif and family who have been for many years residents of Alexander are moving to Springfield where they expect to make their future home. Mr. Reif expects to be engaged in auto work.

Lewis Henry Wiley, a student at McKendree college, is spending the week end with Mr. and Mrs. Luther Wiley at Alexander.

OPEN STORE IN WINCHESTER

Yesterday was the formal opening day for the new store of Oliver Hamilton and George Evers at Winchester, Jacksonville residents having bought out a confectionary store on the west side of the square in the neighboring town. The store will be known as the Hamilton and Evers Confectionery.

Mrs. Elwis Spencer of Scottville, was a shopper in Jacksonville Saturday.

WELL KNOWN RESIDENT IS CALLED BY DEATH

Mrs. James L. McDonald Answers Final Summons Saturday Morning—Funeral to be Held Monday Afternoon

Mrs. James L. McDonald, who has been seriously ill for the past two weeks, passed away at 11 o'clock Saturday morning at the family residence, 409 North Church street. Mrs. McDonald had not been in good health for the past year and a half, altho she had been able to get about and at times had hoped for a return of her health.

Thru the passing away of Mrs. McDonald, the community loses a well known and much loved woman. To those whose privilege it was to know her well, was revealed the goodness of her life. She forgot herself in her great desire to do something for others. No day was too crowded with work, no night too dark, no hour too full that she could not find time to think out and execute some deed of mercy and loving kindness. Her whole life seemed to be wrapped up in doing for others.

But not alone to her great circle of friends did she prove her sincerity of heart, but in her home life she found her greatest ideals. She loved her home, her family dearly, and no one ever entered her home but felt that a genuine welcome awaited them. Mrs. McDonald was a woman of strong convictions, and her ideals of life were noble and inspiring. In the younger years of her life she united with the Clark's Chapel Baptist church, and was always a faithful attendant at worship. She will be missed in the community and altho removed from sight, yet her good deeds will live on thru the years to come and her memory will ever be cherished.

Mrs. McDonald's maiden name was Luella Henderson, a daughter of Mr. and Mrs. Alfred Henderson. She was born one mile west of Litterberry, March 2, 1868. She was united in marriage December 21, 1884, to James L. McDonald. For a great many years the family resided about three miles northwest of the city. Nearly ten years ago they moved to Jacksonville, where they have since resided.

Besides her husband she is survived by three children, Mrs. Ona Crum of Litterberry; Charles McDonald and Ruth McDonald of Jacksonville, a half brother, William Henderson, of Beardstown, also one grandson Farrell K. McDonald. A half sister Mrs. Nellie Goodrick preceded her in death. Funeral services will be conducted from the First Baptist church, Monday afternoon at 2:30 o'clock in charge of Rev. A. P. Howells and interment will be made in Diamond Grove cemetery.

FIFTY I. C. ATHLETES AT ANNUAL BANQUET

Members of "I" Club Gather for Enthusiastic Meeting Last Night—New Officers Chosen

The annual banquet of the "I" club of Illinois college was held at 5:30 o'clock yesterday evening in the basement of Central Christian church. About 50 athletes of the old college men who have won their letter in some major event on its various athletic teams, were in attendance. The president, Ralph Dunlap, was in charge of the meeting and acted as toastmaster.

Speeches were made by Coach Harmon, who discussed future problems of the club, Wayne Wright of Carrollton, Hugh P. Green, George W. Covart of Quincy, Roy Reese, and a number of others.

Following the discussion, the coach passed around the official "I" sweater to be endorsed by those present. The "I" certificate was brought before the members, who expressed their approval of the same.

New officers were elected during the business session: President—Wayne Wright. Vice president—Ed Tomlinson. Secretary—Jenneth Pittman. Treasurer—Charles Hopper.

"UP THE LADDER" COMES NEXT TUESDAY

Owen Davis, the author of "Up the Ladder," which William A. Brady will present at the Grand next Tuesday night is one of the best known and most successful of American dramatists. Mr. Brady has produced several of his most popular plays, among them being "Forever After," "Sinners," "The Family Cupboard" and "At 945."

Mr. Davis was born in New England and educated at Harvard but his outlook is by no means local. A wide diversity of place and characters is found in his plays. Rich and poor, lowly and exalted, common and distinctive—he knows them all, and treats them with the authority that comes only with perfect familiarity.

In "Up the Ladder" his principal characters are a young and ambitious pair who ascend the scale of business and social progress, and with each successive step we find them with new surroundings, new companions, a new mode of life—each treated deftly and surely and with an underlying sense of humor. All of which the American public has learned to expect from that typically American playwright, Owen Davis.

IS WEEK-END VISITOR

Miss Lilly Ledford of this city is entertaining Miss Stella Doolin of Woodson over the week-end. Miss Ledford is an Avers Bank employee residing at 349 East College avenue.

ORLEANS CLUB HELD ANNUAL OPEN MEETING

Interesting Program Carried Out at Home of Mr. and Mrs. Clifton Davis.

The annual open meeting of the Orleans Country Club was held Thursday evening at the home of Mr. and Mrs. Clifton Davis. The house had been made very attractive by the liberal use of chrysanthemums and in every way the affair was a delightful one for the seventy-five members and guests present.

An elaborate supper was served at 6:30 o'clock, the menu including a great variety of good things to eat. The supper committee included Mrs. H. J. Rice, chairman; Mrs. J. W. Arnold, Mrs. Hilding Mattson and Mrs. Fred Moeller.

Following the supper came an interesting program, arranged by Mrs. A. A. Curry, chairman; Mrs. A. E. Curry and Mrs. Iven Cox. Mrs. W. T. Scott, the president of the society, presided during the evening and following a Victrola selection gave her annual address. The Orleans country club takes considerable pride in the fact that it is the oldest country club in Illinois, and Mrs. Scott referred

to this fact as well as to those active in the founding of the society twenty-eight years ago, Mrs. Belle Drury, Mrs. Sheppard and Mrs. Kate O'Neil.

The secretary's report was presented by Mrs. James Dobyns and indicated that the club had been both active and prosperous during the past twelve months.

After another Victrola selection came a reading by Miss Grace Roberts. Then came the informal part of the program, when there was a clothes line race, a peanut hunt and a drawing and adding contest. This informal program was an innovation for the club but proved most enjoyable and the whole meeting was one of the most pleasurable in the history of the club.

Mr. and Mrs. Clinton Corrington and Mr. and Mrs. Dan L. Clarke of New Berlin were Jacksonville visitors yesterday.

C. N. PRIEST SELLS GARAGE BUSINESS

Stock of Auto Accessories in Old Farm Supply Building Purchased by W. J. Edelbrock

C. N. Priest has during the past week closed a deal with W. J. Edelbrock, by which he has disposed of his garage and auto accessory business at the corner of West Court and North West streets. Mr. Edelbrock has purchased the entire stock and has leased the building from A. W. Becker for a term of years. He will continue the business in the former location of the Farm Supply Co., and may possibly add a line of farm implements.

Mr. Priest is retiring from the garage business, but has made no announcement as to his future plans. The change in occupants of the Farm Supply building will go into effect as soon as possible. The deal was made thru the agency of Story's exchange.

Miss Frances R. Peak was a Winchester visitor here Saturday.

School shoes, \$1.98; work shoes, \$1.98; dress shoes, \$4.85, at Hopper's.

This Talk is About Children's Book Week

And This is the Week---Nov. 11-17

"Train up a child in the way he should go; and when he is old he will not depart from it"—said a wise man of long ago. Parents, you give your children many things, but are you interesting them in splendid reading? If so, the child has an heritage that will make its future safe. Books are as essential to the real life of the child as meat and drink. Mental health should be put alongside physical health, as both go together.

BOOKS ON DISPLAY

We have selected some good books for boys and girls and if you can find time this week, we would be more than pleased to have you call. You don't have to buy, but we want you to see them. Bring your children with you.

Lane's Book Store

SUNDAY MORNING, NOVEMBER 11, 1923

SMALL HOUSES NEXT SAYS BABSON

Statistician Points to New Opportunity for Building Industry

Wellesley Hills, Mass.—The day of the small home is dawning according to Roger W. Babson, who today issued a statement on the trend of the building industry.

"There is no question that some day the cost of building will be much less than it is now—the same as it is now about 15-20 percent less than it was in 1920," says the statistician. "The time will come when instead of talking about the poor tenant, our sympathies will be in the cause of the landlord. Every student of fundamental business statistics recognizes this situation. The point, however, which is important is whether or not this movement will come about suddenly or whether it will be spread out over a period of years. My own studies strongly suggest the longer and more gradual movement. There are two principal reasons:—

"The first is with all the new dwellings built during the past four years the greater part have been priced far out of reach of the great majority of people. In fact some figures worked out by my organization show that less than 10 percent of the people can afford to buy the so-called "moderate priced" dwelling built today. Some, to be sure, have tried to and may get along all right until they strike reverses. The average family, however, cannot afford to give more than one week's pay out of every month for rent. Less than 10 percent of the heads of families in the United States make more than \$50 a week. Check up the cost of the houses built lately in your community and see how many of them can be rented profitably for less than \$50 a month. Hence, when one talks about the saturation point in dwelling houses he must take into account the price zones considered. The saturation at present prices apparently is rapidly being approached, but as soon as another 15 percent or 20 percent cut in building costs is put into effect an entirely new group of prospective home-owners is reached.

"The next point is that building costs can be reduced when the necessity arises. The only reason prices of building materials and building labor did not decline as much as the average of other things was because the demand was sufficient without it. That is merely the natural working of economic law. No one should be blamed for not charging less than the market price. On the other hand, as necessity arises, the cost of building can and will be cut. If prices today were at an irreducible minimum and demand were falling off, there would be more for the building industry to worry about!

"The chance of a sudden crash either in building costs or real estate values, therefore, is small. The movement, on the contrary, will be far more likely to carry out the appearance of a series of steps. We had one big step down in 1921 followed by a partial advance. Before long another step probably will be in order. General business as reflected in the Babsonchart is running at 16 percent below normal. The idea, however, that building values are suddenly going to drop to pre-war levels seems as improbable as the view that they will always continue at present high prices.

"It is highly important, however, that those who are interested in new building recognize the trend and work with it. The greatest opportunities during the coming year will be in building lower priced houses not high priced ones. What is most needed today is a house within reach of the great 90 percent of prospects. Necessity is the mother in invention. Some day we shall probably look back on the high cost of building of today as the source of tremendous benefit because of the economies and improvements in construction methods it will have caused. If present indications are reliable the next few years will bring forth some remarkable changes in the customs and methods of building houses. If a builder is to keep a continuous flow of new business, he must lead in this procession with the chief aim of producing homes for the great majority. Every 10 percent that the cost of attractive homes can be reduced will increase the field of possible prospects by 500,000 to 1,000,000 people.

"During the past few months no less than a dozen leading architects have brought to my attention plans which they are developing whereby comfortable

livable homes can be built for much less than the usual cost of these methods probably will prove impractical, but some of them are going to help in producing houses which the average man can afford to live in. They vary widely in method but all aim at the same purpose. Most of them involve a saving of labor. This, by the way, is exactly what has happened in every other industry when labor costs have become exorbitantly high.

"Some architects have found that certain of the features in the usual house which add to the expense can be successfully eliminated. Others have attacked the problem on the principle of quantity production. Much has been done in the way of more economical planning so that delays and holdups in the work are almost entirely eliminated.

"The idea that people are always going to have to strain the last notch in order to get together the rent each month is absolutely fallacious. When a number of people greatly need a certain thing someone always finds a way to get it for them. Moreover, such service usually carries with it the greatest reward. This present need for lower priced dwellings and lower rents represents such an opportunity.

"From the investor's point of view the present situation in the building industry suggests three things.

"Earnings of the industrial concern supplying the building industry will depend during the next few years upon whether or not the builders grasp their situation should be watched carefully by those interested in the securities of this group of building supply concerns.

"The investment builder faces the opportunity directly. There is little question but he will profit both by turning his attention to developments along the line of groups of less expensive houses than by continuing his activities in the higher price fields.

"Finally, the average investor has an opportunity in well located suburban land. Thousands upon thousands of modest homes will be built during the next few years. The automobile has broken the transit limitation which has heretofore bound our cities. The trend will be in favor of suburbs and the investor who puts a part of his funds in well selected suburban property at a fair price, judged on present levels, should profit during the next few years."

CHILDREN'S BOOK WEEK

The fifth annual Children's Book Week is from the 11th to the 17th of November. Thousands of cities and towns in the United States are turning their attention this week to the books which their young people are reading with the intention of assisting and encouraging the development of the reading habit.

Children's Book Week has as its principal aims "More books in the home" and "Better books in the home." There cannot but be a real feeling of exhilaration and appreciation of the efforts being made to give to children the best the literary world has to offer.

"Better books in the home," one of the slogans adopted by the National Children's Book Week Committee, expresses the desire felt by every one interested in the welfare of children. It is of far greater importance that a child's library consist of a few well chosen volumes than that he possess many cheap or mediocre books.

Children's Book Week has as its purposes the cultivation of a love of good books; the development of a discriminating taste for real literature and an endeavor to inspire in the child a desire to collect a library for himself.

There are so many splendid books which children read with keen joy when they have at last discovered them. Much of the time the average child wastes in reading mediocre books may be attributed to a desire or appetite for inferior material but rather to a lack of information concerning the better, superior works of literature.

Jacksonville is taking its place with other cities in the celebration of Children's Book Week and at the public library this week there will be a display of attractive, worthwhile books for children. The parents are most cordially invited to come to the library and look over this collection of books.

NOTICE TO WATER CONSUMERS

Water will be shut off on the public square and on South Sandy and South Mauvaisterre from Square to College Avenue and on West State street from Square to Church street Sunday morning from 8 to 12 o'clock.

NO AUTHORITY FOR REQUEST ON CLERGY

Attorney General Rules Those Performing Marriages Not Required by Law to Furnish Statistical Information.

SPRINGFIELD. — (A. P.) —

County clerks have no authority whatever to request clergymen or any other official performing marriage ceremonies to furnish statistical information regarding marriages, according to an opinion rendered here by Attorney General Edward J. Brundage.

"Nowhere in the Marriage Act," the Attorney General said "is provision made giving the county clerk, or any other person, the right to request the minister, or whoever else celebrates the marriage, to supply any information whatsoever, of a statistical nature."

"If the person celebrating the marriage can be compelled to furnish information of the character in question, it can be only under the powers granted to the Department of Public Health, as a proper exercise of the police power of the state to aid said department in securing such data in the nature of vital statistics, as in the opinion of the department will serve to promote the public health and general welfare of the citizens of the state."

The Vital Statistics Act of 1915 and the State Board of Health Act of 1877 both make provisions for the compilation of vital statistics by the state. But, according to Attorney General Brundage, as the Vital Statistics Act is silent upon the question of records of marriage, consequently the provision for such information to be furnished as regards marriage is provided for in the State Board of Health Act.

ALFALFA PROVING A WINNING CROP

Many Counties Demonstrating That This Product is Fully Justifying Present Land Values.

FREEPORT, Ill.—(A.P.)—While reports of complaints that farm land is too expensive and that the investment is too big for the farmer to "break even" on his farming operations, have come from several quarters, one crop is being produced in Stephenson and other northern Illinois counties that is stoutly defending present land values. That crop is alfalfa.

William A. Moore, a farmer living north of here, recently took a two ton load of baled green alfalfa to market and received \$70 for it. That load of hay represented the production of about two-thirds of an acre of land, which means a gross return of 100 per cent from a crop which is at the same time adding to the fertility of the soil in which it is grown. It also is a crop that draws its plant food material largely from the air instead of from the soil.

Mr. Moore sold his first crop of alfalfa in the field for a price that netted him \$20 per acre. The purchaser "made" the hay. Pleased over his first experience with alfalfa Moore says he will plant 80 acres of alfalfa next year. The Moore case is being cited by the Stephenson county farm bureau as typical of the results to be obtained in all parts of northern Illinois from alfalfa growing.

The bureau has been for years boosting alfalfa and encouraging farmers to plant small fields of it to satisfy themselves that it can be successfully grown almost anywhere when proper attention has been given to the soil through liming operations.

The farm bureau, through its advisers, G. F. Beaumeister and W. A. Herrington, organized a limestone-grinding company. Machinery was purchased and put to work. A dump truck was bought. Limestone was ground and delivered to the farmer's field at \$2.50 a ton. During 1922, about 4,000 tons were ground, and in 1923 about 6,000 tons were ground and delivered to farmers. The abundance of local limestone, which was found close to the surface and therefore easily quarried, made conditions particularly favorable for providing ground limestone at a comparatively small cost.

Stephenson county limestone has been shown by test to be exceptionally rich in calcium carbonate. There was objection at first because the local limestone was yellow, while that shipped from other localities was white, but it was shown that the stone quarried locally had a yellow tinge because of the presence in it of considerable magnesium carbonate, making the local dolomitic limestone more valuable for soil-sweetening purposes than the white.

Stephenson county is well on the way to alfalfa success. Its 38-

ly from the air instead of from the soil.

000 dairy cows and 20,000 beef cattle are soon to have an abundant supply of this nutritious food. Land values are going even higher, farm bureau officials declare, and land owners work to make them productive of returns on higher valuations.

THE REFEREE By Albert Apple

Unconscious.
Will power—the conscious mind—controls only a fourth of the activities of the body. The other three-fourths are directed by the unconscious mind, without us ever knowing it. This is Dr. William J. Mayo's theory.

For instance digestion is a body activity controlled by the unconscious mind.

The so-called "unconscious mind" may be the Real Self. It is the part of us that dreams. It guides our emotions and much of our thinking. Every one has due responsibility.

Entertainment.
Most movies are made to appeal to the 13-year-old intelligence says Prof. Edward A. Ross of University of Wisconsin. Also true of fiction, sports, games of chance and nearly every form of relaxation and entertainment.

You have noticed how extremely childish the average person becomes when you put a paper carnival hat on him. We hate to be grown up, and we show it when we play.

Slicker.
Many New Hampshire farmers are secretly using cosmetics, such as perfumes, hair oils, face lotions and powders. This is revealed at a gathering of New England druggists. They think they have discovered something new. But old-timers can recall that, in the days when drug stores sold drugs, the dandies of grandpa's day slicked their hair into shape with bear's grease and used perfumes liberally.

Every generation has its sheiks.

Emma.
Emma Goldman in her book, "My Disillusionment in Russia," reports: "Every one in the Soviet government offices, crowds of government employees, stood about smoking cigarettes, awaiting the hour when the day's work would be over."

Officials were even grafting on the children. "In one school there were 138 government employees, but only 125 children."

Ability.
Anna Pavlova, probably the world's most artistic dancer, says the unusual—that no child has "talent." For instance, Pavlova claims that at eight years she had ambition but no talent. The talent was developed by hard work and intense study. Physical exercise, especially fencing, was among the things that created ability.

Ability, after all, is the desire to do and the willingness to labor to learn how. Exceptions are rare. There are exceptions, though Pavlova, speaking gibbly claims not.

FARM BUREAU NOTES

Farm Bureau Members At Orleans—and Arnold Opposed to Hunting.—At a gathering of representative members of the farm bureau at the home of Clifton Davis or Orleans, action was taken to stop the annual invasion of hunters. The members present requested T. R. Cain to bring the matter before the executive committee of the farm bureau, but the time was too short to assemble that body. However, hunters will do well to keep away from the farms in the vicinity of Orleans and Arnold.

The Agricultural Situation.—The current number of this publication of the U. S. Department of Agriculture says that agriculture has the best outlook for four years.

Times have changed since two years ago this month, when corn was literally cheap enough to burn. For agriculture as a whole, corn does not represent income; it represents part of the cost of livestock production. As a matter of fact, the country is this fall committed to a general increase in livestock. The quota of hogs, sheep, dairy cattle, poultry and even beef cattle to be fed this winter is a heavy one. Bidding for the feed crops has reached a point where it will take unusually careful management to bring the herds and flocks thru winter at any profit.

As regards relationship to the community at large, the position of agriculture slowly but surely improves. Purchasing power on farm products, though still handicapped, is now at the highest point in three years. What is more, prices are better at a season when farmers actually have something to sell.

This means something all along the line. Agriculture has weathered the storm of the last four years solely and simply by drawing on its reserves. Farmers have worn out their reserves in cash, in equipment, in materials in clothing and household goods, and in some regions have drawn deeply on their equity in the land. In four years American Agriculture has been forced to use up a good part of the liquid accumulation of a whole generation, and a prosperous generation at that. Some recovery in buying power, especially of livestock products, has great significance.

GILBERT'S

SCATTERED DEAD TO REST IN CEMETERIES

French Will Remove Bodies From Scattered Graves on Battlefields and Establish Military Burying Ground.

PARIS.—(A. P.)—The French government is beginning the vast undertaking of exhuming its scattered war dead and concentrating the bodies in national cemeteries after the American plan. It is a far greater task than the one the American Graves Registration mission has completed. In some sectors, such as the Argonne and around the Saint Mihiel salient, a great many were brought together in military cemeteries, but elsewhere, along the whole battle front, from the Swiss frontier to the North Sea, bodies of soldiers that were killed in the trenches were buried where they fell.

Scattered German dead are also being gathered into large cemeteries by the French, under an agreement with the German government. The German cemeteries that existed at the end of the war are all being cared for by the French authorities who issue special permits to German families to visit the graves of their dead in France.

Grow Old Gracefully!

LIKE a peaceful, deep, quiet stream calmly winding its course through quiet meadow land and valley—moving onward—ever onward—never rushing—never hurrying—past towns, through cities, on towards the sea—unruffled by the trend of happenings along its banks—So the course of life should be.

As life winds its way onward from the cradle—onward towards old age should the course be filled with rocks and rapids and waterfalls? Should impurities hold the system within their grasp?—Should the vim and vigor of youth dwindle and fade away as life flows onward? Should feebleness and disease supplant the healthfulness of youth? It is ever so simple a matter to grow old gracefully—to retain the eagerness of youth.

S. S. S. is the buoy in the stream of life that heads you away from treacherous currents and the danger

ous rocks that lie ahead—S. S. S. will keep your system free from impurities. Red blood cells will be created by the millions! Blood cells are the birthplace of nerve power. Increased blood cells mean increased nerve power—added strength—additional vitality. The power to ward off the lurking diseases that craftily endeavor to subvert the body that has weathered the greater portion of the storm of life. Red blood coursing through the veins giving added energy and courage—stands out like a friendly lighthouse warning disease and impurities that here is a healthy body that offers them no peaceful haven.

Mrs. Lizzie Felmet, Crowell, Texas, writes:

"I was in a run-down condition—had lost forty-four pounds in weight. S. S. S. made me a new woman."

S. S. S. is made of pure vegetable ingredients. It is sold at all leading drug stores. The large size bottle is the more economical.

My Rosy Skin

How I clean it—how I preserve it

By Edna Wallace Hopper

My skin is the marvel of millions. Even softer and more rosy than 49 years ago. Yet mine is a grandmother's age.

Mine has been no easy life. I have lived it in the limelight. I served France five years in the rigors of the war. Yet countless young girls envy my complexion. I can easily pass for 19.

France gave me the methods I employ. Now, in gratitude, I am supplying them to others. They multiplied my beauty, gave me my perennial youth. Now I hope to bring to millions the benefits I got.

How I Keep Clean

The first step to beauty is a clean skin—a skin that is clean to the depths. Lucie Lantelme, a famous Parisian beauty, taught me how to get it.

The method is a liquid cleanser. I call it my Facial Youth. It contains no animal, no vegetable fat. So it cannot grow hair on the face. It cannot assimilate in any way with the skin. But it penetrates every pore. When I wipe it off, all the dirt and grime, all that clogs the skin comes with it.

You may think you clean your skin without it, but you don't. Apply Facial Youth to what you call a clean skin and see the dirt you get. That is what causes blackheads and blemishes.

I cover my body with Facial Youth before bedtime. Thus I remove three times the refuse I remove without it.

Nothing to Compare

My Facial Youth is the greatest cleansing formula science has created. The greatest beauty property now employ it. Some supply it to others, but at four times my price.

I bring it to you at a modest price, and I urge you to employ it. You will find nothing to approach it. A fine complexion is impossible unless the skin is clean.

Edna Wallace Hopper's Facial Youth is now supplied by all druggists and toilet counters at 75 cents per bottle. Also my Youth Cream—my fruit—cold cream. Also my White Youth Clay—the last word in facial clay. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

Take this first step to beauty now. Clean the skin with my Facial Youth. The immediate results will amaze you. Then, if you wish my other aids, they are at your call. Edna Wallace Hopper, Business address, Waukesha, Wis.

Miss Hopper is now appearing once daily in the Pantages Vaudeville theatres of the Pacific Coast and the western states.

When you need a new Battery

Know the Reason Why

You never buy a new battery as long as the plates in the old are right. For the life of your battery is in its plates.

There's the net of buying a battery. And the simple, direct way to get the best battery is to get the best plates—the liveliest, longest-lived plates.

Prest-O-Plates, the backbone of Prest-O-Lite Batteries, we have every right

to believe, are the best plates made.

Always a maker of a better plate, always specializing in plates, Prest-O-Lite centered its laboratory knowledge and skill in improving them, and produced Prest-O-Plates.

The result Prest-O-Lite is a battery with ready delivery of power, and great tenacity of life. Drive around and try our service.

Our line of rental batteries are all new batteries put in rental service within the last six months. This insures you a good, fully charged rental. Our charges are reasonable and our service the best.

BY SISTER MARY

CHOCOLATE CAKE

Who can resist a home-made chocolate cake? Served alone or with ice cream or canned fruit it adds the finishing touch to almost any sort of a home dinner.

A dark cake keeps moist longer than a white one and is good to the last crumb. If half butter and half lard are used the cake will be fluffier and more moist than if all butter is used.

This recipe calls for the yolks of the eggs only. The whites are used for the frosting. The cake can be baked in a dripping pan, covered with boiled icing and spread with melted chocolate. The chocolate forms a hard crust over the icing which tends to keep it soft.

Chocolate Cake

Two squares bitter chocolate, 1 cup milk, 1-2 cup butter, 1 cup sugar, 2 cups flour, 1 teaspoon soda, 1 teaspoon vanilla, few grains salt, yolks of 2 eggs.

Melt chocolate over hot water. Add one-half cup milk and cook until a smooth paste is formed. Cream butter (or butter and lard mixed) and beat in sugar. Add cooked mixture. Beat egg yolks with remaining half cup of milk and add alternately with flour. Mix well and add soda dissolved in a little hot water. Add vanilla and salt and beat well. Bake in two layers or in a dripping pan.

Fudge Cake

Two cups light brown sugar, 2-3 cup butter and lard mixed and melted, 1-3 cake melted chocolate, 2 eggs, 1-2 cup sour milk, 2 cups flour, 1-2 cup boiling water, 1 teaspoon vanilla, few grains salt, 1 teaspoon soda.

Cream shortening and sugar. Melt chocolate over hot water and add to mixture. Add eggs (unbeaten) and beat well. Stir in sour milk. Add flour sifted after measuring. Beat until smooth.

Add boiling water and beat smooth. Add vanilla, salt and soda dissolved in a little cold water. Pour into two square pans and bake half an hour in a moderate oven. Put together with fudge.

One-fourth cake, two squares, of chocolate can be used.

Fudge

Two cups granulated sugar, 1 cup milk, 2 or 3 squares of bitter chocolate, 1 tablespoon butter, 1 teaspoon vanilla.

Put sugar and milk in a smooth sauce pan. Put over the fire and do not stir until mixture begins to boil. Add chocolate and stir constantly until the soft stage is reached. Add butter and cook one minute longer. When cool add vanilla and stir until creamy. Spread on cake.

Sour Cream Chocolate Cake

Two cups brown sugar, 1-2 cup butter, 3 eggs, 1 cup sour cream, 2 cups flour, 1 teaspoon vanilla, 1 teaspoon soda, 1 teaspoon baking powder, 1-2 cup grated chocolate.

Cream butter and sugar. Add yolks of eggs well beaten. Melt chocolate and add to mixture. Mix baking powder and soda with flour and sift. Add to first mixture alternately with sour cream. Add vanilla and fold in whites of eggs beaten until stiff and dry. Bake in two layers.

This icing is a bit different, but so good.

Icing

One-half cup sweet table cream, 2 squares chocolate (melted), yolk 1 egg, 1 teaspoon butter, powdered sugar to make stiff, 1-2 teaspoon vanilla.

Scald cream over hot water. Add melted chocolate, yolk of egg and butter. Beat well and beat in enough sugar to make stiff enough to spread. (Copyright, 1923, NEA Service, Inc.)

COLLEGE OF MUSIC NOTES

The child culture kindergarten course given at the West Side Studio under the direction of Miss Margaret Grimley will begin its second quarter on Monday, November 19th. Opportunity for enrollment of new pupils will be offered at that time.

An interesting demonstration was given last Wednesday afternoon in Expression hall by the Child Culture Kindergarten. About fifty parents and friends of the children were present and much enjoyed the children's work.

The program of Emil Telmányi, Hungarian violinist, will be found elsewhere in this issue and will doubtless attract a large audience on Monday evening. Mention has already been made of the "Devil's Trill" Sonata, that masterpiece of Tarlini, who is said to have been inspired by the Evil One in person.

Lalo's Spanish Symphony is no less a test of the violinist's technical and interpretative powers, while Mr. Telmányi's group of shorter numbers contain some vintable gems of violin repertoire.

The New York critics hail Mr. Telmányi as an artist of prodigious technical equipment with the fires of a Hungarian temperament controlled by intellect, taste and a fine sense of the proprieties. His tone is said to possess a cello-like resonance, big, sonorous, mellow in quality, combined with great freedom of bowing. No one should miss Telmányi's concert, the second of the Artist Series, on Monday evening, November 12th, at 8:15 o'clock.

Russel Canatsey gave a piano solo in the Junior Department of Grace Church Sunday school on Sunday last.

Velma Kitchell spent last week end in Terre Haute. Gwendolyn Schroyer and Christine Cotner were soloists at a recent entertainment held at the Catholic church of Franklin. Velma Kitchell was the accompanist.

The informal recitals which are held bi-monthly during the school year will be resumed on Thursday, November 22, at 4:20 p. m.

Alta Cruz was heard in Hoesche's Espanola during last Sunday's meeting of the Senior Endeavor held at Westminster church.

Marie Lake, graduate of '23 in public school music, was a visitor in Jacksonville over the week end. She is now organist of the Covington, Indiana, Methodist church and also has a well organized piano class in the same town.

The children's classes held their first informal recital on Saturday morning in Music hall. Those taking part were: Lyle Robertson, Ada Galley, Francis Davison, Eleanor Pearson, Mary Mina Thompson, Anna Louise Stevenson, Mary Alice Ellis, Frances Hardesty, Leanna Clemens, Dorothy Kent, Mildred Rose, Alice Busey, Edna Busey, Dorothy Jane Scott, Marjorie Blackburn, Annabelle Scott, Jeanette Felter, Dorothy DeFrates, Russel Canatsey, Nancy Lee Torney and Martha McPhail.

Elizabeth Graff played piano solos at the Junior High school assembly on Wednesday morning.

Barbara Kennedy is in charge of the music on Sunday night for the Grace Church Senior League.

Illinois College Notes

The Reverend William Chalmers Covert, a trustee of Illinois College was recently elected general secretary of the Presbyterian Board of Christian Education. This board is one of the four national boards that direct the work of the Presbyterian church of the United States. It is one of the most important positions in the Presbyterian church. This board is connected not only with the work of Presbyterian colleges and schools, but

work of the church and the publication activities of the church. Dr. Covert delivered the commencement address at the college a few days ago.

"The Professional Training of Teachers for the Canadian Public Schools" by Professor A. Gordon Melvin, the head of the Department of Psychology and Education at Illinois College, has recently come from the press. This book represents part of the work which Professor Melvin has done for his doctorate at Columbia University.

No speaker at the Illinois College also has charge of the Sabbath school chapel exercises has received more

hearty applause than the poet, Jamie Heron received after his address on "Keep on Keeping On" to the students last Wednesday morning.

Dean Scott expects to attend the semi-annual meeting of the Congregational Board for Religious Education in Chicago next Thursday.

Illinois College will observe Armistice Day with appropriate exercises Monday morning at chapel. Colonel O. C. Smith of the School for the Deaf, will deliver the address.

The sophomore girls will have charge of the Y. W. C. A. meeting Monday afternoon. The topic for the meeting is "Friendship".

WILL MEET AT MRS. CARLSON'S HOME

The Past Noble Grand Club of the Rebecca Lodge No. 13 will hold a regular meeting Thursday evening, Nov. 15, at the home of Misses Esther and Amelia Carlson at 618 South Diamond street. All members are urged to be present and to bring articles for the gift box.

C. H. Swaby's Produce Co. has moved to 238 North Main St., Opp. Cherry's. We handle groceries.

EDUCATION SOCIETY HAS LIVED MANY YEARS

Ninetieth Anniversary Observed at Recent Meeting—Organization Has Added Two Thousand Educationally.

About 2,000 young women have been helped to fit themselves for usefulness during the years of the activities since the organization of the Ladies' Educational Society which at a recent meeting held at the home of Dr. Milligan and Dr. Dewey, the society celebrated its ninetieth anniversary. The quiet way in which the Education Society does its work extends also to its annual meetings and no elaborate program was prepared for the occasion. A suggestion had been made by one of its members that placing a tablet in honor of the society in the tablet room of the Duncan Memorial would be a fitting thing to do to mark its ninetieth birthday and this action was decided upon at the meeting.

The usual annual reports followed by a brief history of the society was most entertainingly given by Mrs. Ensley Moore.

Later refreshments were served and the ladies lingered, talking over some of the society's traditions which reach back so far into the past.

The following report of the secretary shows how the trust funds which the society holds are used:

Secretary's Report.
This report is presented as a triennial report covering the years from October 1st, 1920 to October 1st, 1923, which might be called the statistical part of our record shall be given first: The number of girls assisted ran sixteen, twelve and fourteen and the members will recall the fact that various efforts were made in 1919

and 1920 to enlist the help of friends in various schools in finding those who might especially need our help.

The number given help in the last three years runs twenty, and twenty-one, showing a marked increase over the previous three years.

This increase is due partly to the efforts of members to find the girls who needed the aid of our society, partly to the fact that more students have entered our schools and colleges during these years, and partly to the fact that financial difficulties the country over has resulted in a larger proportion of students needing aid. The Society was glad to be able to meet this need in a measure thru the use of the accumulated interest of the Banister Fund which has grown so plethoric as to be equal to almost twice its original size.

Thirty-nine girls have been given assistance through payments on tuition and seven thru loans from the Banister Fund.

Of these thirty-nine we have helped for three years two attending the Woman's College and four studying at the Conservatory. We have helped for two years, four at the Woman's College, two at Illinois College, two at Wheaton, one at Hillsdale, and one at the Conservatory. The other twenty-three have been given assistance one year each.

Fifteen of these thirty-nine students attended the Illinois Woman's College; four Illinois College; fourteen the Conservatory of Music; two Wheaton College; one each at Hillsdale, Michigan; Illinois Wesleyan; Blackburn and the Carnegie School of Technology at Pittsburgh. Three girls have been assisted by both payment on tuition and loans from the Banister Fund.

As we look back over our records the increase in the proportion of girls attending our home institutions is marked. A number of gifts have been added to our funds during these years. In 1920 one of ten dollars came from Mrs. McCabe of Delaware, Ohio. In 1922 a letter from Mr. George Lyman of Vallejo, California, brought us fifty dollars, and this year ten dollars came also from Mr. Lyman. These gifts the society decided to use in our current payments on tuition. In the winter of 1921, Miss Simpson, one of the girls who was carrying a loan of one hundred dollars from the Banister Fund, died, and word came to us through the executor of her will that a bequest of one hundred and twenty-five dollars had been left by her to the Society. No further word as to this bequest has reached us.

Only very minor changes have been made in the conduct of our business; for the sake of dividing the work a little more, the Contingent Fund was separated from the main treasury and Mrs. B. W. Smith was elected treasurer of that fund.

The interest rate which we now ask on loans held longer than two years, 4 per cent has been made retroactive and the 4 per cent allowed also on the loans still out which were made before our rates were lowered from six to four per cent.

We have discussed several times the advisability of giving more assistance to a smaller group of girls instead of distributing the smaller amounts to a larger circle as we have been doing. No definite move however, has been made about this.

The reason why our girls have needed help are much the same as in previous years, except in the case of two who applied because the father recently discharged from the army had not yet been able to reach his former financial standing. Three of these girls have widowed mothers and need

help, because the mother cannot carry the burden of both father and mother. More than two-thirds of these girls have told us of work they were doing to assist in supporting themselves and to provide either wholly or in part for their expense of their education.

The last summer brought a note of sadness for this circle through the death of one of our members Mrs. Capps. To each and every one of our small circle this has meant a real and personal loss. As a Society we wish to write into this record our appreciation of her services as our treasurer which office she filled most faithfully for more than eight years.

The same thought always crowds into the mind as the records of the years' work is written, that, quiet and unobtrusive as it is it reaches a long way into circles always widening.

Since we have an historian today to recall for us that this is our Ninetieth Anniversary the words which might otherwise fall on the lot of the Society are for her to speak.

The officers elected were:
President—Mrs. Ensley Moore.
Vice-President—Mrs. Belle Lambert.
Secretary—Dr. Grace Dewey.
Treasurer—Mrs. Charles Rammeckamp.

Secretary and Treasurer of Banister Fund—Mrs. M. H. Havenshill.
Auditor—Miss Miria Fairbank, Grace Dewey, Sec.

COFFIN'S RESIGNATION

Chicago, Ill.,—Resignation of Chairman Percy Coffin of the Illinois State Tax Commission, will have no effect at all on the charge made by the Illinois Agricultural association, that the commission has failed to do its duty, and has broken its promise to Illinois farmers, John C. Watson, in charge of the association tax work, has announced.

"The commission," Mr. Watson said, "is still on trial before the farmers of Illinois."

"The Association has no charge against any individual of the commission," he added. "One member of the commission has declared himself ready to carry out his promise and perform the duty laid upon the Commission by the law which created it. The question is what are the other members of the Commission going to do about it."

Maple Nut is EHNIE'S week end special.

Misses Ruth and Ethel Rutherford are visiting their parents in Winchester during Saturday and Sunday.

TIME TO FACE THE FACTS

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments, I was said to possess, I was encouraged to try May's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble and am sure this medicine will do all and more than is claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists—Adv.

CORFU BOOTBLACKS RIVAL OUR SHINERS

All Residents of City Line Up For Shine—Great Rivalry Among Professionals.

Corfu. —(A P)—The American shoe shine parlor manned by Greeks is the transplanting of a timeworn profession from their old country. Corfu is a city of 30,000 people but it has a shoe shiner for about every 300 inhabitants or about 100 shoe shiners. There are so many of them that a prospective customer is besieged with offers of "the best shine in town," and often, the competition is so keen that the successful polisher is dealt a stealthy blow as he kneels to perform his function.

All Corfu gets its shoes shined by the 100 professionals. Lines of them occupy the main squares of the city and men, women and children from every walk in life are lined up for the morning shine. The variety of shoes too is perplexing, but the Greek polisher goes ahead and gives the best that is in him. It is strange that here at the very beginning of the Near East, the best since in Europe may be secured. In England and France, there is nothing like the brilliant American shine. But here, there is the perfect reproduction of the glittering American brand and one is forced to wonder if America imported it from the Greeks or the Greeks from America.

TELEPHONE TALKS

Sometimes, when a number is asked for on the telephone, the operator reports that the number called does not answer.

Experience shows the operator is seldom mistaken. In the majority of cases the person called is absent or not near enough to hear the telephone bell. Sometimes he is just slow in answering.

"Don't answer" reports would be greatly reduced if subscribers would be prompt in answering when their bells ring.

Woman's College

The college has been very fortunate this week in having three speakers of unusual ability at as many chapel services. Wednesday morning Fred High, an expert in publicity, addressed the faculty and students. Mr. High developed his talk around the theme, "Think For Yourself—Be Original". On Thursday, Senior Recognition Day, Rev. G. W. Randle addressed the students, and especially the Seniors, his subject being, "The Four Anchors of Life". At the chapel exercises Saturday morning Dr. H. H. Peters, who is conducting the evangelistic services at the Christian church, gave a most helpful and inspiring message to the students and faculty.

The fall meeting of the executive committee was held at the college Monday afternoon, November 6. Out of town members of the committee were: Hon. James E. MacMurray of Chicago and Mrs. Mary H. Blackstock of Springfield. The executive committee is empowered by the charter to meet and act for the board of trustees between the annual meetings. The committee usually meets in October or November and in January or February, and in April.

The hockey teams are rounding into championship form and will be ready for the final decisive games on Thanksgiving morning. Mrs. Letta Irwin Shonle of Indianapolis one of the Alumnae Trustees, was a guest at the college several days the past week. Mrs. Shonle has been studying the needs of the school and is expecting to make definite recommendations to the Alumnae, as well as to the board of trustees, regarding college betterments. The outstanding need of the college at the present time is a new Science Hall, where all the Science work of the school, including that of the Department of Home Economics, may be handled. It is hoped that the plan which was started in the local campaign last summer to provide a Jacksonville building, may be completed in the near future. The college attendance now is limited by the number and size of laboratories and class rooms.

Miss Lovisa Weaver of Tower Hill is a guest at the college over the week-end. Miss Weaver is teaching in the high school at Tower Hill.

Miss June Kendrick of Pittsfield is a guest at the college over the week-end. Miss Kendrick was a student at the college last year and is now teaching in Nebo, Ill.

The Lambda Alpha Mu Society is having its room redecorated. This work is the gift of the new members who were recently admitted to the society.

Miss Eleanor Thompson, our librarian, was recently elected president of the Jacksonville Librarians Guild.

Morgan County Poets**THE MOTH ON THE PANE**

You can not see, poor moth, what bars you out
From light and warmth so close to night and rain,
Nor ponder what you can not overcome
On your side of the all invisible pane—
Your efforts are both tragical and dumb,
The barrier too stout;
Yet you respond in your delirium
To thrills, and thrash your fragile wings in vain,
Thus proving that between your vital strain
And mine great changes have been brought about.

And so I, pitying you, switch off the light—
The blessed light that so confounded you.
Now, go your way in the abysmal gloom;
A creature of the wind and sun and dew,
You are not fitted for my pleasant room,
Restrictive to your flight.
How many generations from the womb
Of Nature in the cycles that ensue
Might flutter at my window, as you do,
Without redemption from their witless plight.

Sometimes I seem to stand before a Pane,
And thru the Dusk sense extra-sensual things
Beyond the worldly rapture all may feel;
Unable to restrain my beating wings
In trial after trial to break the seal
Of sense, of flesh the chain.
O Pitying Host, is there no fair appeal?
Is it your will, or destiny, that wrings
My soul with errant futile signalings?
Switch off the lights that beckon from your plane!

For what dull ages must I flutter still
Before some Unknown Casement, to return
To shadow ever, like the moth—face to face
A common fate beneath the grass or fern,
Rejected soul that lacked befitting grace,
Too stupid or too ill,
To clamber zenith-wards to favored place
Of understanding with the Powers stern
That built and yet re-build this charnel urn—
The high intentions of their ghostly will.

All-glorious Beam, towards which we grope the way
Thru our Gethsemane, spare us who yearn
Unsatisfied; grant us from time to time
Support and solace in the things we learn;
Until at ages' length we reach the Prime,
The elohistic ray,
That sifts thru deep or shallow, too sublime
For feeble orbs of vision that sojourn
Beneath—grant that in season we discern
The flush of false from that of perfect day.

—JOHN KEARNS.

Conservatory Notes

The High school on Oct. 31st, and for the Service Star Legion on Nov. 8th. Mary Alexander played the piano accompaniment.

Eunice Northrup will play some piano solos at a musical in Griggsville next Friday, Nov. 16th.

PLAY AT FRANKLIN A SUCCESS
The three act comedy which was given at Franklin Friday night was a good success. Marquette Hall where the comedy was given was filled to capacity, all seats were sold long before the performance began and there was hardly standing room. These plays are given semi-annually under the direction of the young people of the Sacred Heart Parish and those taking part Friday night need much credit due them. The vocal and violin numbers given by students of the Illinois Woman's college between acts added much interest to the program and the toe dance given by Joe Dollar met with much applause.

STATE HAS LITTLE GERMAN VILLAGE

COLUMBIA, Ill. — (A. P.)—Customs and traditions of a German village still hold sway in this little Illinois town, which goes its ways as tranquilly and unperturbed by twentieth century American ideas, as it did fifty years ago.

Attention was drawn to its isolated peacefulness by the recent visit of Governor Len Small.

Quaint old buildings of brick and stone, standing, as they have for several decades, flush with the sidewalk line, rising to two or three stories, then slanting off with gable roofs, typifies the German architectural idea in Columbia.

Governor Small's meal was cooked in the antiquated out door German bake oven. Home made sausage, river fish, pickles, mashed potatoes, slaw, and coffee were included in the menu. According to the fifty guests accompanying the governor's party, the state executive ate a hearty meal.

Illinois Continues Triumphant Championship March

Defeated Wisconsin 10-0—Grange Scored Another Touchdown

CHAMPAIGN, Ill., Nov. 10. (A. P.)—Illinois, undefeated in the "Big Ten" race, continued its triumphant championship march today by defeating Wisconsin 10-0, before 30,000 spectators in the new \$2,000,000 Memorial Stadium.

The "Fighting Illini" to win the 1923 title, or the Michigan for have only to defeat Ohio State two weeks hence.

Harold "Red" Grange, the 20 year old flash of the Illinois eleven added further glory to his gridiron fame by crashing over for a touchdown in the first period after a thrilling 28 yard run around left end.

Britton added the extra point when he kicked goal and also scored a goal from placement in the first period from the 35-yard line.

Grange, as a result of his performance today, retains the lead as the leading scorer in the west. He has crashed over opponents' goal lines for eleven touchdowns in six games, for a total of 66 points. He broke away for several runs today, his longest for 28 yards when he scored the touchdown. He had perfect interference from his mates in the Illinois back field, Britton, Harry Hall and Melvain picking off the opposing tackles after the Illinois line had knocked the Badger forwards out of play.

After Illinois had piled up its lead in the first half, Grange was taken out of the game and replaced by Mauer. Grange's absence apparently took the fight out of Illinois backfield, which seemed unable to make first down consistently in the final two periods.

Wisconsin, entering the game without the services of Irving Gerber, star tackle, who was declared ineligible, never seriously threatened after the first few minutes of opening play when Taft, the speedy fullback, broke

away for a 40 yard run to Illinois' 25-yard line.

Captain Below tried for a goal from placement at this point, but the ball went wild.

Below's other two attempts to score from the field were also failures.

The Badgers, with defeat facing them, opened up with a bewildering forward pass attack at the start of the fourth period, but none of them were successful.

Taft played a spectacular game for Wisconsin, keeping his goal out of danger with punts that averaged more than 50 yards.

He made frequent slicing drives off tackle, which were responsible for virtually all of Wisconsin's gains.

Lineup and Summary
Illinois (10) Wisconsin (0)
Position
Left end Irish
Left tackle Below (C)
Left guard Nichols
Center Teckmeyer
Right guard Bieberstein
Right tackle Bentson
R. L. Hall
Right end Nelson
Richardson Quarterback
H. A. Hall Williams
Left halfback Holmes
Grange Right halfback Harris
Melvain Fullback
Britton Tatt
Score by periods:
Illinois 10 0 0 0—10
Wisconsin 0 0 0 0—0
Illinois scoring: Touchdowns, Grange; points after touchdown, Britton; goal from placement, Britton.

Referee—Magidsohn, Michigan. Umpire—Haines, Yale. Field Judge—Young, Illinois Wesleyan. Headlinesman—Dorticos, Maine. Time of periods—15 minutes each.

WEST POINT, N. Y., Nov. 10.—Army defeated the Arkansas agriculture college today by the one-sided score of 44 to 0. The visiting collegians put up a game but losing fight to the end. They had two good men in their backfield in Webb and Jones. The former, with his knife like thrusts thru Army's line and the latter by his superb backing up on the defensive marked themselves for this special mention.

DIAMOND STAR
Jimmy Jones, one of the leading contenders for the welterweight title, is almost as good as a ball player as a fighter. He plays third base on a semi-pro team at Youngstown, O., during the summer months. Big league scouts who have looked him over say he is very clever.

ARMY DEFEATED ARKANSAS 44-0

WEST POINT, N. Y., Nov. 10.—Army defeated the Arkansas agriculture college today by the one-sided score of 44 to 0. The visiting collegians put up a game but losing fight to the end. They had two good men in their backfield in Webb and Jones. The former, with his knife like thrusts thru Army's line and the latter by his superb backing up on the defensive marked themselves for this special mention.

NEBRASKA UPSET THE DOPE BUCKET; DEFEAT NOTRE DAME

Cornhuskers' Heavy Line Held and Backs Broke Up Plays

LINCOLN, Neb., Nov. 10.—Nebraska's football team beat Notre Dame this afternoon 14 to 7. The team that humbled the Army, Princeton and Georgia Tech, found its end runs, its off tackle plays and its line smashes impotent before the heavier Nebraska line and the Cornhuskers backs broke up, or intercepted forward passes at critical points with a regularity that nipped at its inception almost every aerial assault.

The Nebraska scored at the start of the second quarter and again at the beginning of the last period with Dave Noble, husky halfback carrying the ball both times. The first touchdown came when Noble broke thru his right tackle and ran 24 yards across the Notre Dame goal and the second followed a fifteen yard pass from Rufus Dewitz, Nebraska fullback which Noble caught on the enemy's 5-yard line and carried over with a tackle on his back.

Herb Dewitz added one point after touchdown and his brother the other—both on place kicks.

Notre Dame's touchdown came in the final moments, after the only consistently successful Notre Dame passing attack of the game.

Cerny substituted for Layden crossed the Nebraska goal after catching a short pass from Stuhldreher from the Husker's 20-yard line.

Neither team could gain on straight football in the first quarter and the contest became a tight punting duel between Lewellen and Layden.

Nebraska, conceded before the contest only an outside chance to win, played magnificent football. The line with the advantage of weight seldom permitted the Notre Dame backs to gain thru it and attempts to circle the ends netted little. Notre Dame resorted to passes early in the game but Captain Lewellen and his backfield mates knocked down or intercepted the ball too frequently for the foe to gain consistently.

Most of the fifteen passes completed by Notre Dame were good for only slight yardage.

It was Notre Dame's first defeat since Nebraska's 14 to 6 victory over Rockne's men in 1922, which incidentally was Notre Dame's only defeat of that season.

The lineup:
Nebraska (14) Notre Dame (7)
Rhodes left end Collins
Weir left tackle Bach
Berquist center Brown (C)
Hutchinson right guard Walsh
McGlasston right tackle Kiser
Bassett right end Oberst
Robertson quarterback Murphy
Lewellen (C) Stuhldreher
H. Dewitz left halfback Bergman
Noble right halfback D. Miller
R. Dewitz fullback Layden
Score by periods:
Nebraska 0 7 0 7—14
Notre Dame 0 0 0 7—7
Nebraska scoring: Touchdowns, Noble (2); points after touchdown, H. Dewitz, R. Dewitz.
Notre Dame, scoring: Touchdowns, Cerny (sub for Layden); points from try after touchdown, Stuhldreher.

MARYLAND GAVE YALE HARD BATTLE

NEW HAVEN, Conn., Nov. 10.—Displaying a brilliant forward passing game, Maryland battled on even terms with the undefeated Yale eleven here today, but lost 16 to 14, due to costly fumbling. The Eli's outshined the Southerners on the running attack, making 185 yards to Maryland's 85, but the latter was supreme on the aerial game completing 10 out of 14 passes attempted. Yale's passing was thwarted out of the 11 tries.

NAVY RAN WILD OVER ST. XAVIER

The Navy football machine virtually ran wild over St. Xavier of Cincinnati here today amassing a total 61 points to their opponent's nothing. It was the last game of the season for the Middies before the season's supreme test with the West Point cadets.

HARVARD DEFEATED PRINCETON 5-0

Field Goal and Safety Caused the Downfall of the Tigers—Princeton Only Once Threatened to Score.

Princeton, N. J., Nov. 10.—(A. P.)—John Harvard today snatched a five to nothing victory from the Tiger's paw in the first of the "big three" contests of 1923.

A field goal in the third period by Pfannmuller who entered the Crimson caste just for stellar role and a safety in the fourth quarter when Greenough tackled Lengdre, Princeton fullback behind his own goal posts, gave the Cambridge eleven its five points.

Princeton only once really threatened to score. That was in the first quarter when the Tiger for a time seemed to have the edge and Ken Smith attempted a field goal, which Harvard promptly blocked.

Neither team altho each advanced at will thru "no man's land" was able to creep close enough to the other's goal line to threaten a touchdown. Inside their own 30 yard line, both showed a stonewall defense.

Approximately 55,000 persons crowded into the Palmer Memorial Stadium to watch Harvard fulfill its pledge to break the string of ties and Princeton victories and achieve its first triumph since 1916.

On the rushing game both eleven which until today had each tasted defeat and been tied, appeared equal. Where the goal line was not actually in danger each was able to launch a long and spectacular march down the field scoring several first downs in succession. Harvard however, with a great running back in Cheek, had the advantage in the number of yards gained.

U. OF CALIFORNIA 13; SOUTHERN CALIFORNIA 7
Los Angeles, Cal., Nov. 10.—The University of California football warriors triumphed over the University of Southern California eleven here today before a crowd estimated at 72,000, score 13 to 7. The crowd broke all records for attendance at an athletic contest in the west. The Trojans earned the honor of being the first team to score on the Bears this season with a series of forward passes terminating with three line plunges.

DANCE TUESDAY NIGHT AUTO INN GARRICK'S ORCHESTRA

OHIO STATE SHOWED SURPRISING STRENGTH

Defeated Purdue 32 to 0.—Forward Passes Paved the Way for Three Touchdowns.

Lafayette, Ind., Nov. 10.—(A. P.)—Ohio State showed surprising strength both on the offensive and defensive here today and easily rolled up 32 points to none for Purdue in the first game of the two teams ever played on Stuart Field. As a result Purdue was pushed farther into the western conference cellar, while the Buckeyes stepped up a rung thru their first big ten victory of the season.

Three of the Ohio State touchdowns were scored on forward passes from Workman, the leader of the Ohio offense, but his team also showed much more ability to gain thru straight football than at any time before this season.

Purdue fumbled and the passing of Center Hawkins who replaced Captain Claypool after he was injured, were responsible for the failure of the Boilermakers' scoring machine to work at critical times.

The lineup and summary:
Ohio State (32) Pos. Prudue (0)
Left end
Wilson Left tackle Ravenscraft
Nichols Left guard Bolan
Kutler Left tackle Anderson
Young Center Hawkins
Long Right guard Stuart
Petcoff (C) Right tackle Meyer
Gorrell Right end Wellman
Workman Quarterback Jacobs
Wendler Left halfback Spradling
Southern Right halfback Harneson
Fullback
Honaker Carlson
Score by periods:
Ohio State 0 14 6 12—32
Purdue 0 0 0 0—0
Ohio State scoring: Touchdowns, Wilson, Gorrell, Southern, Devoe (sub for Honaker); points after touchdown, Workman 3, (place kicks); field goal Workman; safety: Taube (sub for Jacobs).
Referee—Birch, Earlham. Umpire—Gardner, Cornell. Headlinesman—Knight, Dartmouth. Field Judge—Schommer, Chicago. Time of periods 15 minutes each.

CHICAGO SCORED AN EASY VICTORY OVER INDIANA

Aerial Attack in Second Half Smothered the Hoosiers

STAGG FIELD, Chicago, Nov. 10.—(A. P.)—With an aerial game that surpassed anything they have attempted this season, Chicago braced in the last half of today's game and simply smothered the Indiana eleven to win by the handsome score of twenty seven to nothing.

The first periods however, furnished some of the most interesting football of the year at Stagg Field.

On two occasions the Hoosiers worked the ball well within the Maroon 10-yard line only to be held for downs or thrown back thru penalties. In the third quarter however, the Chicago team took the ball on their own 20-yard line and with short off tackle plays and straight mucks territory. Then they started forward passing with Pyott doing the throwing and Lampe the receiving.

They worked like a well oiled piece of machinery and Lampe finally dissipated the Maroon rosters fears by going over with a touchdown on one of the long air tosses. They stuck to the original team in the last period until they had duplicated their feat and scored again. Then Stagg shoved in an entire new team and they went at Indiana hard, Curley who had relieved Abbott at quarter and Schlabach who had taken Pyott's continued the aerial tactics with Barnes on the receiving most of the time. Twice more they rolled across Indiana's line and on three of these occasions goal was kicked for extra points.

From a close and hotly contested first half the game developed into a scoring at will affair in the last quarter and only the final whistle saved the tired Indiana team from being beaten by a bigger score.

Lineup and Summary:
Chicago (27) Pos. Indiana (0)
Left end
Lampe Left tackle Wilkins
Henderson Left guard Fisher
Pondellik Center Hoblik
King Right guard Butler
Rohrk Right tackle Springer
Gowdy Right end Nines
Barto Quarterback Eberhart
Pyott Right halfback Lorber
J. Thomas Left halfback Marks
Zorn Fullback Sloate
Score by periods:
Chicago 0 0 7 20—27
Indiana 0 0 0 0—0
Chicago scoring: Touchdowns, Lampe 2; Barnes 2, (sub for Barto); points from try after touchdowns, Pyott 2, Curly.
Referee—Hackett, West Point. Umpire—Mumma, West Point. Headlinesman—Gardner, Cornell.

COE COLLEGE WON FROM DRAKE 12-6

DES MOINES, Ia., Nov. 10.—Drake University undefeated last year and this season went down before the Coe College eleven here this afternoon the Cedar Rapids team winning 12 to 6. It was the first time this year that the leaders of the Missouri Valley race had been scored upon.

Coe outplayed Drake in the line thruout the game and the Drake star ground gainer, Captain "Bill" Boelter, was stopped in his tracks time after time.

Lengsfelder carried the ball for Drake's only touchdown. Pence kicked two field goals for Coe and his team mate Buxton crossed the Drake line for the visitor's touchdown.

CORNELL UNIVERSITY SWAMPED COLUMBIA

NEW YORK, Nov. 10.—Gilmore Dobie's football eleven from Cornell University gave Columbia a thrashing at the Polo grounds today. The score was 35 to 0. Columbia, under the direction of Percy M. Haughton, veteran coach, was pushed back and back by the off tackle plunges and forward passes of the Ithacans and only in the first period did the New Yorkers give any indication that they had strength equal to that of the up-state squad.

Cornell scored in every period, a determined interference opening up the way for brilliant runs by Captain Pfann, Ramsey and Cassidy. Captain Koppich of Columbia made several startling plays but his mates were unable to stem the onrushing tide of their opponents.

Illinois College In Homecoming Game Defeated Eureka

Yes, you did it, Illinois, and did it right before one of the largest Homecoming crowds in years. But you also had the pleasure of meeting one of the cleanest playing bunches of nobles that was ever seen on Illinois field. Jacksonville should feel honored in entertaining such a gentlemanly team of huskies.

Illinois was not able to go over until the close of the fourth period, but when they did start they got both of theirs in just time. In the first quarter Illinois played Eureka off their feet at first and got the ball right up to the goal before Eureka woke up, but after that the visitors were eternally awake until near the close when Illinois' first touchdown seemed to dishearten them. That man, O. Driver, for Eureka is surely there as were all of their back field, the visitors making some very beautiful open field runs. Driver at one time making 35 yards and a little later covering 45 yards for their lone touchdown. With Illinois, it would be hard to pick an outstanding star.

But this is the way the old game looked from the sidelines:

First Quarter
Illinois kicked to Eureka's 15-yard line, with ball down on the 27-yard mark. Eureka penalized for offside. On next down Eureka thrown for a loss on their 15-yard mark. Visitors punted to the 33-yard line. Illinois made downs. Beecher took the oval around right end for first down. Roberts followed with run around left end that placed the ball on Eureka's 5-yard line. On Illinois' fourth down with only one little measly yard needed to put it off, Eureka became a tower of strength and Rogers was thrown for a loss. Eureka getting the ball on their fourth yard line. The visitors immediately punted to their own 25-yard line and ball was down on the 30. Beecher went around right end for a 17-yard gain. Beecher again went around right end to the 10-yard mark. On fourth down Eureka intercepted a forward pass and received the ball on their 20-yard line from where they went thru for 4 yards but could not make their down, punting on the fourth to Illinois' 35-yard line, the ball going down on the 45-yard mark. Illinois punted on fourth to Eureka's 11-yard line where the runner was held. Patelski then hit the line for 9 yards, but on next down the visitors were thrown for loss causing them to punt to the 40 yard line where the quarter ended.

Score: Eureka 0; Illinois 0.
Second Quarter
Eureka lost on downs. Illi punted on their fourth down to Eureka's 15-yard line and runner was held on the 19-yard mark. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. Driver then went around left end for a gain of 35 yards. This not being enough he repeated for a 45-yard run for their only touchdown, with no goal. Eureka kicked to Illinois' 20-yard line and the ball was down on the 37-yard line. Rogers went around left end for 12 yards. Driver intercepted forward pass. Hanes carried the oval thru right tackle for 10 yards, making first down. O. WHITE HALL LOSES TO GREENFIELD HIGH

Took Small End on 20 to 6 Before Record Breaking Crowd at White Hall Yesterday

WHITE HALL, Nov. 10.—Special to the Journal.—Greenfield High defeated White Hall here today by a score of 20 to 6 before a record breaking crowd, about 750 persons witnessing the game. Greenfield has a regular habit of beating White Hall, even when White Hall wins over all other teams. In today's game greenfield clearly outclassed the home boys all the way.

White Hall's only score came in the first two minutes of play when W. Smith, White Hall fullback, picked up a fumble and ran 60 yards for a touchdown, with no goal. Greenfield also scored in the first quarter when Owens, halfback, carried the ball over a

10 yard line buck, and goal was made. No scores were made in the second quarter. In the third quarter Greenfield's halfback carried it over from the 5 yard line. Owens scored his second touchdown in the fourth quarter on an end run.

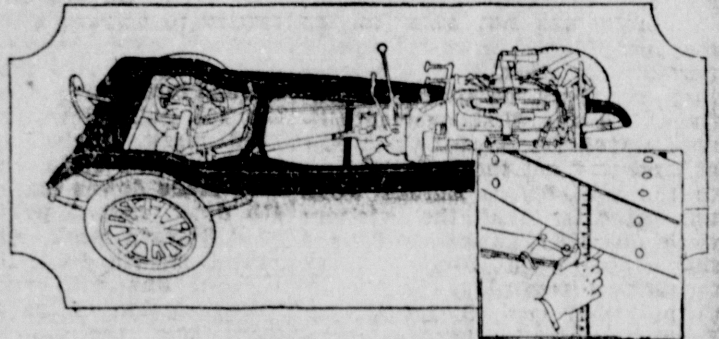

FAILS TO SHOW

If Mike McTigue insists on going back to Ireland, George Carpenter may regain the light heavyweight title without coming over to this country. On what Mike has shown since winning the title he is going to be soft picking for the first class man that faces him.

JEWETT SIX PAIGE BUILT

\$1065 f.o.b. factory

Why 60,000 Jewett Buyers Bought a Husky Thrifty Six

EVERY Jewett Six owner had his chance to buy some "light" six. He could have saved \$100 in first cost; but he preferred the Jewett. Why?

The new Jewett Six is different from "light" sixes in many vital ways—principally in sturdiness of construction, and in ample power. See how well Jewett Six is built.

6-inch-deep frame is specially cross-braced. It is rigid. A mighty foundation for car strength, safety and comfort. Paige-Timken axles front and rear leave no room for doubt as to long life and safety. Ball-bearing steering spindles neither wear nor rattle; make driving a pleasure. All-steel universal joints have lubrication sealed in. Springs are 80% of wheelbase. Paige-type clutch and transmission make gear-shifting positive, quiet; rarely can you stall the motor or jerk the car.

The 50 h.p. Paige-built motor is so big it fills the hood! It is as big and as good as the motors in \$1500 cars—and it STAYS GOOD! First, because it is more than able to handle the car; second, it has the hollow crankshaft, high-pressure oiling system that sends 2 gallons of oil per minute through all main and connecting rod bearings. Long life—thousands of miles of trouble-free, smooth, "peppy" performance—are certain.

Do you blame Jewett buyers for preferring the new Jewett Six to any "light" six of less power, less strength, shorter life? Let us show you the Jewett in action. Drive it, yourself. Call us any time!

LARGE CROWD SAW MICHIGAN DEFEAT U. S. MARINES 26-6

Sea Soldiers First to Cross Wolverine's Goal This Season

ANN ARBOR, Mich., Nov. 10.—Forty-two thousand persons including dignitaries of the federal and state governments and high ranking naval officials saw Michigan football team smash thru the line of the United States Marines for a 26 to 6 victory at Ferry Field this afternoon. The Marines opened with a bewildering aerial and line attack in the first period, streaking the length of the field following the first kickoff to a touchdown—the first scored against the Wolverines this season.

After that it was all Michigan. The Michigan backfield began to function; Miller, the powerful Wolverine fullback, tore thru the line for yardage; Steger wriggled thru holes in the line and around the ends for repeated gains and Captain Kipke's punting was the best seen at Ferry Field this year.

Captain Götge, of the sea soldiers played finished football especially on the offensive and it was he who carried the ball over for the only marines touchdown.

Today's game was the first played by a Michigan team against any but a collegiate foe in 28 years.

Dedication of Yost field house the largest structure for competitive athletics in the world preceded the game.

Lineup and Summary:

Michigan (26) Pos. Marines (6)

Left end

Marion Left tackle Fellers

Muirhead Left guard Liversedge

Slaughter Center Cereck

Blott Right guard Bailey

Hawkins Right tackle McHenry

Babcock Right end Hunt

Neisch Quarterback Larson

Uteritz Left halfback Goettge

Kipke Right halfback Henry

Steger Fullback Rysman

Miller Neale

Score by periods:

GARRICK'S ORCHESTRA

Springfield High School Defeated Jacksonville

Outweighed and outplayed the third period and ran 30 yards before Arnold brought him down. He put the ball on Jacksonville 25-yard line and Thomas dropped back and kicked a pretty goal from placement. Score Springfield 16; Jacksonville 0.

As the game got the ball and by a series of passes one of them Arnold to Barr being good for 43 yards. Another pass Arnold to Johnson was good for six and the ball was on Springfield's 20-yard line. Arnold dropped back and kicked a goal from placement. Score, Springfield 16; Jacksonville 3.

The game ended with the ball in the middle of the field. Jacksonville showed well in the second half opening up on passes and making several of them good. The Springfield team averaged about 174 pounds to the man and Jacksonville was at a disadvantage. However the

Springfield boys played a dandy game and fought all the way. The entire team played well. Harrison and Corbridge were both injured but refused to leave the game. Corbridge's injury however slowed him considerably.

The lineup and summary: Springfield (16) Pos. J. H. S. (3)

Left end

Thompson Left tackle Barr

Scott Left guard Hopper

Poscover Center Curtis

Tomlinson Right guard Smith

Curran (C) Right tackle Adkins

Tate Right end Dewese

Richie Right halfback Sanders

Coe Left halfback Corbridge

of his manager, Jimmy Dunn, who was unable to be in his corner.

Dunn happens to be one of the greatest handlers of boxers in the world. Dunn is wholly responsible for whatever success Tremaine has had in the ring. Naturally he would miss him.

Tremaine will have Dunn with him when he squares off against the dynamic Villa, and he will be a better fighter than he was the night he lost to the unknown Gordon. Whether he will be a gamer one remains to be seen. If he isn't game this fight will reveal the weakness in no uncertain, indefinite light, for Villa himself certainly doesn't lack for courage and he will be in there flinging punches from the opening bell.

Whatever the result it ought to be a great fight between two of the swiftest little punchers in the ring.

TIGERS BEAT AUBURN BY 13 TO 0 SCORE

The I. S. D. Tigers again showed their prowess yesterday by going over to Auburn and overcoming the high team of that place by a score of 13 to 0 making two touchdowns in the second quarter. Although the Tigers outweighed their opponents the points were scored by remarkably fast action. There were no spectacular runs noted, the Tigers getting the edge by good old straight, hard football. The Tigers successfully used the forward pass in several instances for substantial gains.

After the game a banquet was tendered to the visitors, and it was reported from Auburn last night that the people of that town are very high in their praise for the playing of the deaf boys and especially for their gentlemanly actions both on the field and off.

TEN MAN SHIFT

University of West Virginia is using a shift that has caused much comment in the east. It is a play in which but one of the eleven men holds his original position. West Virginia is coached by Fat Spears, former Dartmouth star. The shift that he has developed is an elaboration of the old Dartmouth shift taught by Major Fred Kavanaugh, now coaching Boston college.

Chicken pie and plum pudding supper and bazar Thursday evening, Nov. 15, at Woodson Christian church. Serving begins at 5 o'clock.

Mr. and Mrs. M. J. Peters and Mr. and Mrs. Benjamin Cohen motored to Champaign yesterday, where they will spend the week end.

VILLA BITES OFF FISTIC MOUTHFUL

It Takes a Mastee Battler to Spot Carl Tremaine Eight Pounds and Come Out Victorious

BY JOE WILLIAMS

Pancho Villa, the brown kid of the Philippines, is going out of his way to take on Carl Tremaine, rugged Cleveland bantam. He is also going out of his way to take on a lot of high voltage trouble.

Villa, good as he is, can hardly concede a dangerous opponent eight pounds and expect to have things exactly his own way. Villa is a legitimate flyweight. Tremaine makes the bantamweight limit none too easily. The difference in weight then, will be rather important.

Tremaine is poison to flyweights anyway. He first attracted nationwide interest by knocking Frankie Mason out in 70 seconds in a Toledo ring. Mason claimed the American flyweight title at the time. Tremaine smothered Mason under as fierce a volley of right and left-hand punches as we ever saw. Mason crumpled in a heap, and had to be carried to his corner.

This was the same Mason who stood the great Jimmy Wilde off thru 12 rounds of vicious fighting. And at a time when Wilde was still great. Of course it does not follow that because Tremaine beat one flyweight champion he can and will beat another.

Villa a Real Fighter

Not only that, but Villa is admittedly a better fighter than Mason ever thought of being. He is a harder hitter, stronger, more rugged and an offensive rather than defensive fighter. In many respects Villa and Tremaine are identical types. Tremaine is a harder hitter and the extra poundage will make this point all the more important.

One questionable thing about Tremaine is his courage. Some of the boys insist he curls up under fire.

We have seen him fight a dozen times, and always he looked the part of a gamester to us.

Tremaine did look bad in the east against Harry Gordon, who beat him unexpectedly. Tremaine was going well at the time and Tex Rickard was set to send him against Joe Lynch for the bantamweight title. Gordon, not considered seriously, upset these plans by winning a decisive victory over the French Canuck.

Missed Jimmy Dunn

Among other things Gordon split his opponent's lip and the sight of blood seemed to distress Tremaine. At any rate he fought with uncalculated timidity most of the way and all thought of matching him with Lynch were removed.

Tremaine's inferior showing may have been due to the absence

No Nut Cracker by Joe Williams

There is no truth in the report that Shelby bankers are bidding for Olympic games.

NOTRE DAME HAS GREAT BACK FIELD

Rockne Has Six Stars—The Combination Includes All the Backfield Threats Known to the Modern Game

There are at least six reasons for the remarkable showing that Notre Dame has made in the gridiron during the present season.

In order, the reasons are, Miller, Stuhldreher, Layden, Crowley, Maher and Bergman, Notre Dame's great backfield sextet.

This combination includes all the backfield threat known to the modern game and demonstrates all varieties of running.

Working behind a line strong enough to clear a hole, and fast enough to precede the lightning backs, Notre Dame's great backfield is exploiting the Rockne system to the highest degree.

Stuhldreher is the little general of the outfit, a veritable Rockne on the field. Stuhldreher knows the Rockne system up and down. When Notre Dame gets within scoring distance he invariably selects the proper play, a true test of a field general's ability.

Stuhldreher is the thinker of Notre Dame, likewise he is an excellent mechanical player. He is probably the most accurate passer in the backfield, a sure man receiving a pass and good on returning punts.

Fullback Layden is a perfect example of the rapier type back, he pierces rather than breaks a line. In track he is a 10 seconds man, in fact, with the wind it is his back, did the 100-yard dash in 9 9-10 seconds.

Layden's plunging ability is only one of his many accomplishments. His punts average 50 yards, he runs the ends on fake punts, passes and receives passes, and his great speed enables him

to keep in front of any runner for whom he interferes. Layden is the ideal fullback, he does everything well, not a single weakness.

Miller is the best running back of the group. He owes his success to pure speed. He skirts the ends or goes off tackle with equal brilliancy. Miller is always sensational.

Jim Crowley is the elusive, dogged runner who cannot be held. Time after time he breaks away for long runs after he has apparently been stopped. There is color to Crowley and his style. Like Miller, he seldom fails to pull one or more sensational runs in a game.

Red Maher, because of his peculiar style of running, is known as "Snaky-Hips." Not so fast as Miller or Crowley, he is a great open-field runner because of his peculiar style which throws off the tackler much after the manner in which the "fade-away slide" in baseball fools the fielder to touch a runner.

Bergman, third member of an illustrious family to make football history, is a speedy, clever runner and passer, who subs for Crowley without slowing up the team.

"For all-round excellence it's the greatest backfield I ever saw," remarked the famous Walter Eckersall, who officiated in the Army-Notre Dame contest.

CHICAGO, Nov. 10.—With 1,000 dads of Northwest students looking on, the Purple eleven walked all over Lake Forest at Evanston today, emerging on the long end of a 32 to 0 score.

The visitors' defense collapsed in the second period before the onrush of the purple backs who gained almost at will.

At no time was the Northwest game goal threatened.

The game was slow and uninteresting and Lake Forest took much time out.

COOKING SCHOOL
PROGRAM ISSUED
FOR COMING WEEKHome Economics Expert Will Con-
duct Classes at Illinois Power &
Light Co. Headquarters
Four Days.Through the courtesy of the De-
partment of Food Economics of the
Corn Products Refining Company,
the Illinois Power and Light Cor-
poration is able to offer the women
of Jacksonville an unusual oppor-
tunity to secure expert instructions
in the art of cooking.Miss Edna Sullivan, the instruc-
tor in charge of the school, is a
graduate home economics instruc-
tor, having received her training at
the University of Illinois. Besides
being an expert lecturer, Miss Sul-
livan knows how to impart this
knowledge in a very practical way
by illustrating her talks with dem-
onstrations of various dishes cov-
ered by this exceptionally well plan-
ned course. Demonstrating will be
done on a Clark Jewel gas range
equipped with Loran Heat Regu-
lator.The lectures have been planned
with the view of covering as much
as possible during the four days that
the school is to be held in the Illi-
nois Power and Light Corporation
salesroom. The classes begin prompt-
ly at 2:00 p. m., each day, beginning
Tuesday, Nov. 13th, for four days,
and the ladies are urged to be on
their seats on time in order to get
the full benefit of the instructions.
A note book and pencil should be
brought along to jot down the points
to be remembered. Recipes will be
furnished free.The full program for the four
days will be as follows:

Tuesday

Lecture—The Key to Success in
Cookery.Demonstration—Fruit loaf; whole
wheat date muffins; quick coffee
cake; eight minute doughnuts; corn
fritters; croquettes.

Wednesday

Lecture—Short Cuts in Cake Mak-
ing.Demonstration—White cake,
marshmallow icing; pound cake, bit-
ter sweet icing; mocha cake, mocha
icing; coconut fluff cake; eggless
chocolate cake.

Thursday

Lecture—Planning the Meals for a
Family.Demonstration—Spiced baked
ham; scalloped potatoes with
pimentos; cauliflower hollandaise;
rice fluff pudding; apricot cranberry
sauce.

Friday

Lecture—Salads and Their Place
in the Diet.Demonstration—New and Original
Salads; three minute mayonnaise;
mock mayonnaise; simplified thou-
sand island dressing; club dressing.During the paving of W.
State St. we can give you

C. H. StoryFORMER RESIDENT DIES
IN SPRINGFIELDWilliam D. Rice, a Civil war
veteran, and a former Jack-
sonville resident passed away Friday
at his home 1512 South Fift-
eenth street, in Springfield. In
1861 the deceased enlisted for
service in this city serving with
the Tenth Illinois Infantry. In
1865 he was honorably dis-
charged from the army.For many years Mr. Rice was
in the boot making business
here and conducted his shop
from his home on South Church
street where he and Mrs. Rice
resided. All the boots were
made by hand and Mr. Rice was
considered a very efficient man
in his line. At one time he was
in partnership with Tal Smith
and the two operated a shop over
the Joseph Williamson grocery
store, located at that time on
West State street.Mr. Rice's wife preceded him
in death but he is survived by
one brother H. H. Rice of
Springfield, and three nephews
and three nieces.
The funeral services will be
held Sunday and the remains
will be brought to Jacksonville
for interment which will be
made in Diamond Grove ceme-
tery.Special
AnnouncementOwing to my Murrayville
friends insisting that I open up
a drug store in the beautiful I.
O. O. F. building, I decided to
abide by their request.Before leaving, in apprecia-
tion to my many customers' pa-
tronage, I will sell whatever

WILLYS
Coupe-SedanStandard
\$1450
Job ToledoDe Luxe
\$1550
Job ToledoThe Difference is
FinishTHE famous Willys-Knight Coupe-Sedan is now
available in two finishes: De Luxe, in rich blue,
nickel trimmed, with black superstructure and
running gear, at newly reduced price; and Stan-
dard, by request, entirely in black, with washable
Spanish long grain upholstery, at a still greater
price saving. Doors front and rear—no seat climb-
ing! A demonstration will reveal the reason for
this fine car's great popularity.

BERGER MOTOR CO.

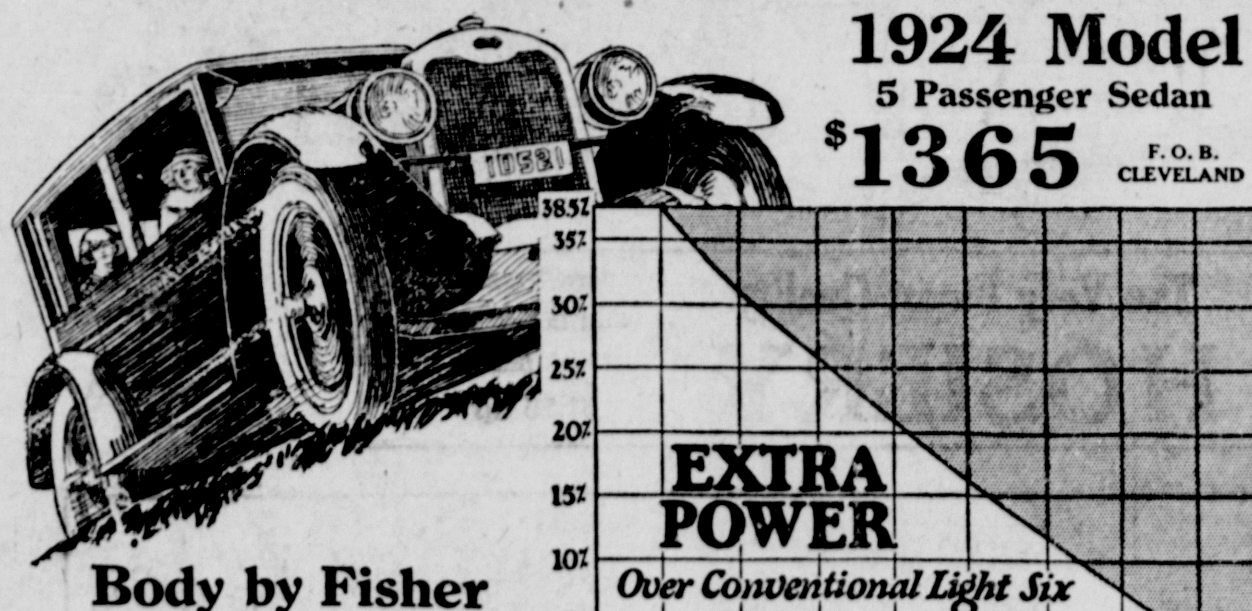

(Operating Auto Inn)

East Court St. Jacksonville, Ill.

KNIGHT

Ford
THE UNIVERSAL CAR

New Roadster

Business men—with whom the runabout has always been very
popular—are well pleased with the changes embodied in this model.
Always rugged, the car has been made decidedly trimmer and more
comfortable.This result is obtained by raising the radiator and enlarging the
cowl; making a decided improvement in looks and providing more
leg room.A well designed top and slanting windshield do their share toward
adding a finished, clean-cut appearance.Make it a point to see the other new models also on display in the
nearest Ford dealer's show room.These cars can be obtained through
the Ford Weekly Purchase Plan.LUKEMAN MOTOR CO.,

F.O.B. CLEVELANDEXTRA
POWER

Over Conventional Light Six

The Extra Power Does It!

—Why this Big, Handsome Sedan will
Out-perform most Open CarsTHE owner of this new sedan
does not have his enjoyment
of closed car comfort penalized
by sluggish performance.His car displays a masterful
high gear supremacy on hills. In
traffic its response to the accel-
erator is prompt and unlabored.He passes bigger sixes on hills;
his getaway in traffic is swifter
than most open cars because the
new Cleveland motor was de-
signed to make the Cleveland do
just those things!

At slow traffic speed it devel-

ops 38½% more horsepower than
the motor of the conventional
light six. And throughout the
normal driving range, its extra
power over the average six in
the Cleveland class ranges from
16% to 30%.To that feature this \$1365
sedan owes much of its remark-
able popularity. And the balance
is based on its smart lines, its
roomy, well finished interior, its
unfailing dependability, and the
moderation of its price. Drive
it before you buy any closed car.New Model Business Men's Coupe Now on Display. See It—Ride in
it—You will Like It.

Oats Dec. 43 1/2; May 45 1/2.

THAT MATTERED NOT
The junior partner was interview-
ing a very pretty girl who had ap-
plied for a position. The senior
partner came in, and after inspect-
ing the vision, called his partner
aside and whispered, "I'd hire her."

"I have," replied the junior part-
ner.
"Well, can she take dictation?"
asked the elder member of the firm.
"We'll find that out later," replied
the junior partner. "I don't want
any obstacles to crop up."—Louis-
ville Courier-Journal.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The Interior Department recently opened 52,000 acres of public land in California, Nevada and Utah to former service men.

The Disabled American Veterans have declared war against what they allege are fake societies raising money for the relief of ex-service men.

The only World War societies recognized by the Federal authorities are: The Military Order of the World War, the Veterans of Foreign Wars, the American Legion and the Disabled American Veterans.

The British navy has nearly 400 officers and more than 1500 blue-jackets who can not swim. According to Admiral Sir Sydney Fremantle lack of this ability has produced a "state of affairs discreditable to His Majesty's Navy."

Chief Gunner Bradley of the United States Navy, was recently awarded the Congressional Medal of Honor for his distinguished service during the landing of the naval forces at Vera Cruz in 1914. The heroism of this officer was virtually unnoticed for more than nine years.

Eben Putnam of Wellesley, state historian of Massachusetts, has been commissioned to write the history of Massachusetts in the World War. Major Eben Putnam had an active part in the war though he was 50 years old at the time of his war service.

Honor will be paid next spring to 162752 soldiers buried in 4705 military cemeteries in Czechoslovakia. The government will pay tribute to the American dead with a special ceremony on Memorial Day, and other foreign soldier dead will receive honors on their national holidays.

General Pershing, chief of staff is now on three months' visit in France. He is going over the scene of his exploits as commander-in-chief of the American Expeditionary Force. General Pershing will retire for age automatically on September 13th of next year, when he attains his 64th birthday.

One of the finest war memorials in the world is to be established in England in the form of a great national park. The land consists of 1509 acres of the finest scenery in the heart of England's only mountainous region, including what is reputed to be among the stiffest rock climbs in the world.

The War Department is seeking 4300 former soldiers of the World War who bought Liberty bonds worth more than \$420,000, and who have failed to claim them. The department has the name, organization and latest address of each of the purchasers, but has found it impossible to locate the men.

In France the towns of Allies, Beaulieu et Chiv, Moussy-ser-Aisne, Courtecon and Grandelain et Melval have been respectfully included and absorbed by the towns of Chermizy, Vendresse, Verneuil, Pancy and Coligny. The five towns were in the line of battle at the Chemin-des-Dames during the World War, and were completely wiped out to the last stone.

The largest hospital of the American Legion is near Battle Creek, Michigan. Originally the institution was the community house of Camp Custer. It has a personnel of 125, including three physicians, an additional advisory staff of six specialists, 15 nurses, 12 orderlies and 16 dining room girls and helpers. The hospital has accommodations for 400 patients.

Prof. James T. Shotwell, general editor in charge of the economical and social history of the World War being prepared by the Carnegie endowment for international Peace estimates that it will take more than 200 miles of shelving to file the official documents of the four-year period which will be preserved by the nations involved as valuable sources of history.

According to the latest advice from the chemical experts, war is to be made bloodless. Gases, of varying pungencies and lethal intensities, will have been substituted for machine gun and artillery fire. There will be some casualties, but most of the victims will only be horribly sick, for six months or so, feeling much like a man who is getting either out of his system after an operation. While they are recovering, the foe will take possession of their country, organize the government, and appoint the collectors of internal revenue. The actual war will be about 10 minutes.

Hear Telmanyi, greatest Hungarian Violinist, Woman's College Artist Series, Monday evening, November 12.

WILL WELCOME REPORTERS Paris, (A.P.)—Newspapers all over the world will be represented at the Olympic games of 1924, now little more than six months away. The committee in charge is arranging to care for 600 reporters. Two hundred applications for telephones at the Colombes Stadium have been made already, and a hundred more are expected.

Telmanyi, one of the world's greatest Violinists, Woman's College Artist Series, Monday evening, November 12.

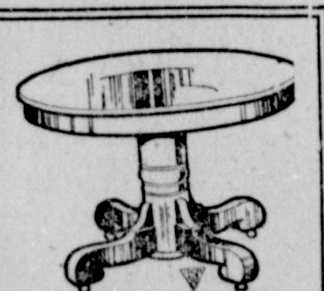

A Harvest of Extra Values!

Dresser \$29.25

This is a beautifully proportioned dresser with two large and two small drawers and handsome mirror. An exceptional value tomorrow at this low price.

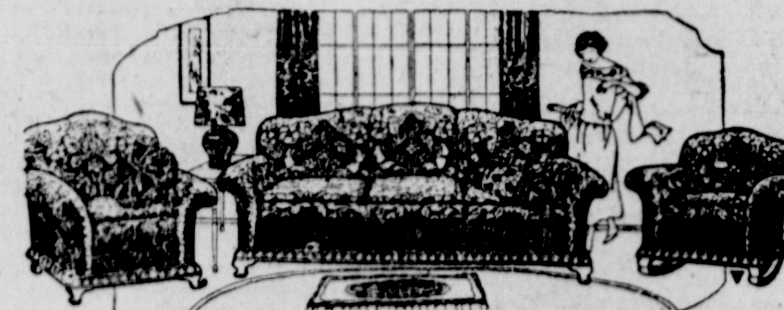

4 Poster Bed \$33.50

The splendid walnut finish and artistic design instantly conveys an impression of refinement. This handsome bed is a splendid value—so order now.

9-Piece Mahogany Suite \$180.00

Quite elegant is the keynote of this splendid nine piece suite for the dining room, which is attractively finished in rich mahogany. It includes a handsome oblong table, five chairs and host's chair, 60 inch buffet with full length linen drawer and a china cabinet of distinctive design.

4-Piece Bedroom Suite \$198.00

This creation for the bedroom is fashioned in the popular Queen Anne period style and includes a full size bow end bed, a handsome dresser with large mirror, a full vanity triple mirrored dressing table and a chifforette to match. All pieces are attractively finished in walnut. The price represents a material saving to you, too.

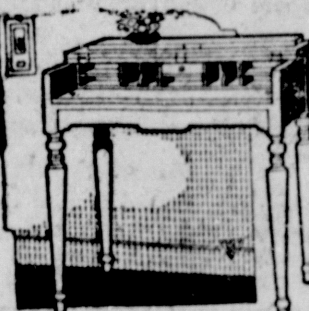

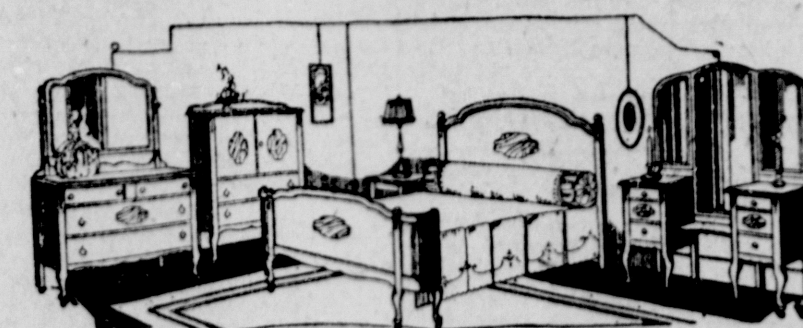

Eight Pieces in Walnut \$165.00

The inherent richness of this splendid dining suite is apparent to the eye at first glance. There is a handsome oblong table, five chairs and host's chair with genuine blue leather seats, and an artistically fashioned buffet finished in two tone walnut. You'll want it for Thanksgiving at this low price!

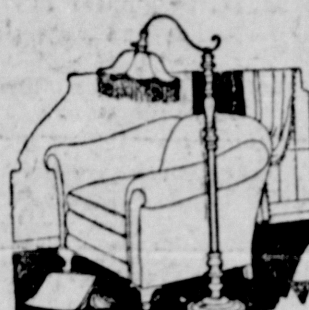

3 Pieces for the Living Room \$150.00

This is another representative value featured in our display of the better kind of suites! It includes a luxurious davenport and two comfortable arm chairs, upholstered in one of the new combination velour coverings now so much in vogue. Has loose, spring filled cushions, roll arms and coil spring construction that gives added comfort.

Library Table \$13.50

Substantially constructed—fumed oak finish—with a drawer as pictured. An exceptional saving!

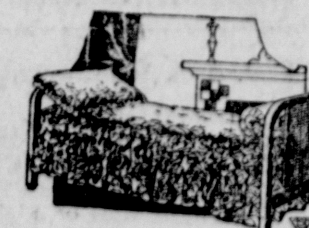

Tapestry Rocker \$29.95

Just arrived for tomorrow's selling. A special shipment of these handsome rockers, upholstered in a new tapestry design, with roll arms.

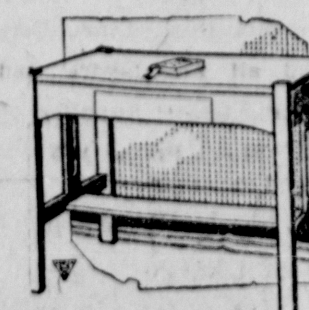

Table Lamps \$14.95

Tomorrow brings a special price on table lamps of distinction. Complete with attractive base and silk shade richly fringed—at this low figure.

Day Beds \$29.95

A single motion converts them into a full size bed. Resilient spring and comfortable mattress are included at this unusually low price.

Spinet Desk \$31.50

Utility and beauty are combined in this spinet desk, which is artistically fashioned and finished in rich mahogany.

Better Furniture is a True Inspiration

Furniture with the friendly, comfortable appeal is bound to inspire us to better thoughts and higher standards. That's why we've been so insistent about "quality" and "individuality" in the furniture that we purchase—so that our customers may find in it long-lived, deeper satisfaction and not merely temporary enjoyment!

Credit Points the Way to Greater Happiness

The unusually liberal credit terms offered you here on any purchase make it possible to get right now the satisfaction of owning superior furniture at these special prices—and pay in small amounts you'll hardly miss! Why not start to enjoy at once the satisfaction of making yours a better home?
